Commissioner, N. D.;

To

G. W. VIDAL, Esquire,
Chief Secretary to Government,
Revenue Department,

Ahmedabad, 12th October 1893.

Sir,

I have the honour to submit the Annual Report on the Administration of the Local Boards in my Division for the year 1892-93.

I.—Statement showing the constitution of the Local Boards.
II.— Do. the income of do.
III.— Do. the expenditure of do.
IV.— Do. the details of works for the improvement of sanitation.

2. I append the prescribed statements as per margin, as also the reports submitted by the Collectors and Presidents of the different Boards.

Statement No. I.

Population.

3. The statistics of population are according to the Imperial Census of 1891.

Constitution of the Boards.

4. There was no change in the number of Local Boards nor in their constitution. The Collector of the district is the President of the District Board, while the Assistant and Deputy Collectors preside over the Táluka Boards in their respective revenue charges. Of the 728 members forming the several Boards, 11 are *ex-officio*, 390 are nominated and 327 are elected; the Panch Maháls is the only district in the Division to which the elective franchise has not been extended owing to the backward condition of the people in it. The proportion of official and non-official members was 182 and 546 as against 183 and 545 respectively in the preceding year: the number of Europeans, &c., and natives remains the same, viz., 38 and 690, but in detail the numbers slightly vary in some of the Boards.

Meetings.

5. The following table shows the number of meetings held in each district, the number of official and non-official members on the Boards, and the average attendance;—

District.	Number of Meetings.	Members.			Average attendance of		
		Officials.	Non-officials.	Total.	Officials.	Non-officials.	Total.
Ahmedabad	49	61	92	153	4·1	5·5	9·6
Kaira	44	30	114	144	1·84	7·2	9·04
Panch Maháls... ...	7	11	21	32	2·4	3·3	5·7
Broach...	28	18	78	96	1·86	6.43	8·29
Surat	51	34	101	135	1·63	5·23	6·86

Total ...	221	182	546	728	2·28	6·3	8·58

Meetings and attendance generally.

6. The figures show that the total number of meetings of the several Boards was 36 less than in the previous year; and that, while in Broach there has been some improvement and in Ahmedabad a marked improvement in the attendance of members, in Kaira, where the average attendance, especially of non-official members, was the highest of all districts, it has now fallen from 10·6 to 9·04. This appears to be due to the bad attendance of non-official members on the Mátar, Nadiád and Thásra Táluka Boards. In Surat the average attendance is very low and it is not improving. The attendance in Thána gives an average equal to the best in the Division. In the Panch Maháls the average attendance, as might be expected, is very low.

District Board meetings and attendance thereat.

7. The District Boards held 15 as against 18 meetings, three each in Ahmedabad, Broach and Thána, and two each in Kaira, Panch Maháls and Surat. The average attendance at the respective Boards was as per margin. It will be seen that [redacted] large and important district of Ahmedabad the attendance of members was very bad. The same remark applies to Broach.

Statement II.

Total Income.

8. The total income of the several Boards amounted to Rs. 12,05,937-10-3 as against Rs. 12,92,169-0-2, or a decrease of Rs. 86,231-5-11. The balance to the credit of the Boards from the preceding year was Rs. 8,95,381-15-2, and the sum available for expenditure was therefore Rs. 21,01,319-9-5 as against Rs. 20,78,321-4-3.

9. The principal items of income are shown below :—

Heads.	1892-93.			1891-92.

10. *I—Land Revenue.*—The receipts under this head represent the sale-proceeds of trees, grass, &c. The increase is distributed over all districts, but Ahmedabad and Kaira have the largest share, viz., Rs. 2,639 and Rs. 2,853 respectively. The item being one of a fluctuating nature, no explanation of the increase is called for.

11. *VI—Provincial Rates.*—The income under this head is derived from the one-anna cess levied under the Local Fund Acts of 1869 and 1884. The following table shows the amount realized in each district and the incidence per head of population. It will be noted that the cess contributes 61 per cent. of the total income :—

District.	Total Income.			Revenue derived from One-anna Cess.			Percentage of Column 3 to Column 2.	Incidence of One-anna Cess per head of Population.

Total ...	12,05,937	10	3	7,36,810	5	2	61	0	3	0

12. As compared with the previous year there is a net decrease of Rs. 4675. The districts of Broach and Panch Maháls contribute an aggregate increase of Rs. 17,525, while the remaining districts show a total decrease of Rs. 22,200. The large increase of Rs. 15,981 in Broach appears to be due to the collection of the land revenue, ordinarily realizable in the previous and ensuing financial years, having been collected in the year under report. The decrease in Ahmedabad is principally due to the reduction in the amount of the local fund cess levied from the Limbdi Darbár, *vide* Government Resolution (Revenue Department), No. 7510, dated 30th October 1891.

13. *XIX—Education.*—The receipts under this head amounted to Rs. 33,679-1-3 as against Rs. 32,250-8-10. They are made up of the following items :—

	Rs.	a.	p.
School-fees	30,915	14	10
Contributions (Ahmedabad and Kaira)	1,094	7	2
Miscellaneous receipts, being sale-proceeds of books, waste paper, unserviceable dead stock, examination fees for middle class scholarships, and one item of adjustment made on account of the transfer of the Karjat Táluka to Kolába	1,668	11	3

The "contributions" referred to above are composed of a sum of Rs. 875 subscribed by the Limbdi Darbár for the maintenance of the school at Barwalla in the Ahmedabad District, and of another sum of Rs. 219-7-2 on account of interest on Government securities appertaining to the Kaira Infanticide Fund.

14. *XXXII—Civil Works.*—The income under this head has fallen from Rs. 2,09,746-14-6 to Rs.2,04,748-7-6. It includes receipts derived from the sources as per margin. Under the first head the receipts amounted to Rs. 1,33,826-13-2 as against Rs. 1,46,324-7-10 in 1891-92; but contributions from private sources and Municipal Funds (which is the next largest item) rose from Rs. 60,529-9-7 to Rs. 69,372-11-2. The decrease under tolls occurs principally in Thána and Surat, and the Collector of the former district explains that it is due to the "fall in the contract price of tolls on "ferries and roads and partly to the fact that receipts on this account from the "Karjat Táluka were included in the figures for 1891-92." In the Surat District the President explains that the decrease is due "to the fact that the special "repairs were made to the Hope Bridge, which absorbed a large portion of the "receipts and reduced the District Board share to about Rs. 900 against about "Rs. 12,000 last year." On the subject of toll collections Mr. Lely adds :—

	Rs.	a.	p.
(1) Tolls on roads and ferries ...	1,33,826	13	2
(2) Rent of buildings and lands...	1,016	15	0
(3) Sale of buildings and other property	44	10	7
(4) Sale of stores and materials ...	90	13	9
(5) Miscellaneous	396	9	10
(6) Contributions...	69,372	11	2

"Entrusting the work of toll collection on roads to the Public Works agency has again resulted in an improvement of revenue amounting to more than Rs. 3,000."

On the other hand, the receipts under tolls were nearly doubled in Broach, and there was an appreciable increase in Kaira and the Panch Maháls. In Broach, however, the figures of last year would appear to include tolls on *ferries* only, road tolls having been included under the head "contributions."

15. *Contributions.*—The receipts under this head are composed of the following items :—

District.	Fees for permission to remove sand or to quarry.	Proceeds from fees, fines and penalties under Bombay Act VIII of 1866.	Fixed contributions in lieu of one-anna cess on excise revenue.	Government grant for village sanitation and water-supply.	Government grant for primary education.	Government grant towards the construction of school buildings.	Fisheries fees and fines.	Total.

16. There has been a decrease in all districts, except Thána, the largest being in the Kaira District. This is explained by the Collector to be due to larger contributions from Government having been received in the previous year towards the Cambay-Petlad road and towards the improvement of water-supply in the district, also to toll receipts having been included under this head in the same year. The decrease in other districts is principally due to the special contribution on account of water-supply not having been made by Government during the year under report. The increase in the Thána District is stated to be due to larger receipts from sand and quarry fees.

17. *Miscellaneous.*—The receipts amounted to Rs. 2,278-5-3 as against Rs. 2,236-15-2, and they were made up of the following items :—

	Rs.	a.	p.
Staging bungalow and serai fees	1,361	13	0
Sale of old stores and materials	287	1	5
Other items	629	6	10

18. *Cattle-pound fees* exhibit a rise from Rs. 19,313-2-3 to Rs. [illegible] giving a net increase of Rs. 4,572 to which all districts contribute[illegible] Panch Mahals, in which the expenditure on the maintenance of [illegible] exceeded the income by Rs. 76-9-11. The increase in Ahmedabad a[illegible] principally due to the extension of the amended provisions of the Cattle Tres[illegible] Act throughout the districts, except the Ghogo Mahál in the former; and in Thána to the pound fees for forest trespass having been raised and new pounds in connection with forests having been opened. The variations in the remaining districts do not call for remark.

Surat	686	9	0

19. *Debt.*—The receipts were Rs.1,090-5-0 as against Rs.1,495-3-0. They were realised in the districts as per margin.

20. The incidence of income per head of population in the several districts of the division is as under ;—

STATEMENT III.

21. The total expenditure during the year amounted to Rs. 12,46,481-14-8 as compared with Rs. 11,85,317-10-9. The following comparative table shows the principal items of expenditure ;—

22. *Administration.*—There was a slight increase of Rs. 649-3-2 under this head as compared with the preceding year. As will be noted from the sub-headings in Return III, the expenditure includes charges on account of establishments entertained by the different Boards under Section 38 of the Act, as also the pay and allowances of clerks employed on local fund work in the offices of the Divisional Commissioner, the Collectors, the Accountant General and the Educational Inspectors.

23. *Education.*—The following are the comparative details of the expenditure under this head:—

25. *Scientific and other Minor Departments.*—The following are the details of the sum of Rs. 3,170-7-9 spent under this head as compared with similar expenditure in 1891-92:—

26. *Stationery and Printing*—The decrease under this head is due to the large expenditure incurred in the previous year in printing forms in connection with the triennial elections.

27. *Miscellaneous.*—The charges under this head include dharamshála and staging bungalow establishments maintained by Local Boards and contributions to Municipalities under Section 47 of the Local Boards Act. The greater part of the expenditure occurs under the latter head, and as they are of a fluctuating nature, no remarks are called for.

28. *Civil Works.*—The total expenditure under this head amounted to Rs. 7,30,521-0-2 as against Rs. 6,92,555-0-2 in 1891-92, or an increase of Rs. 37,996. The charges represent 59 per cent. of the total expenditure during the year as against 58·4 in 1891-92. The following are the principal items included under this head:—

29. The largest proportion of the expenditure was spent in the construction and maintenance of roads or 31 per cent. as against 35 per cent. in 1891-92.

30. The Boards together spent Rs. 2,02,100-11-3 on "water-supply" and "water-works" as against Rs. 1,57,640-1-8 spent in 1891-92, or 16 as against 13 per cent. last year. This is one of the most satisfactory points in the year's work. Details of the expenditure incurred in the different districts will be given further on.

31. The following table shows the expenditure incurred in each district by the Public Works and Civil Agency on communications :—

District.	Public Works Agency.		Civil Agency.	
	Original Works.	Repairs.	Original Works.	Repairs.
	Rs.	Rs.	Rs.	Rs.
Ahmedabad	22,403	29,254	2,832	15,633

	1,10,750	1,86,072	20,017	70,221
		3,87,060		

32. It is satisfactory that so large a proportion of the expenditure was entrusted to Public Works agency. Surat, however, shows a very small expenditure by Public Works agency on original works. In this district, however, the system recently introduced of making the pátils responsible for small village works has been very successful.

33. *Contributions.*—The expenditure has increased from Rs. 300 to Rs. 1,418-0-3 and the items occur in the following districts :—

	To Provincial.	To other Boards.
	Rs.	Rs. a. p.
Kaira	300	399 0 0
Panch Mahals	150	569 0 3

34. *Debt and Interest thereon.*—The amount under these heads in made up of payments of loans, deposits and interest and relates to the Ahmedabad and Surat Districts. In the latter Rs. 21,737 were paid as the instalment towards the Hope Bridge loan.

36. The balances at first sight seem to be unnecessarily large but in view of the orders contained in Government Resolution No. 2252, dated 21st July 1886, each Local Board is obliged to maintain a certain balance so as to obviate over-drawing its accounts, and the balances in Ahmedabad, Panch Mahals and Thána do not appear to be larger than are necessary; the Panch Mahals Board is moreover accumulating funds in order to metal certain roads. In the Broach District the Board is reserving its balance for the construction of the Broach-Jambusar road, should it be eventually decided not to connect the two towns by a railway. The balance in Surat is considerable, but it includes one large private contribution towards the construction of a road which is delayed for the settlement of a dispute and several smaller items of rayats' contributions. The Board is, besides, now endeavouring through the agency of the Public Works Department to reconstruct and repair certain roads, and this expenditure can only be incurred gradually. As explained in paragraph 5 of my No. 3350, dated 30th ultimo, to Government in the General Department, an effort is being made in the Kaira District to minimize the balance; already it shows a reduction of almost Rs. 37,000 as compared with last year, and I trust that during this year as much of the balance as can judiciously be spent will be utilized.

STATEMENT IV.

37. The following is a brief abstract of the expenditure in the different districts on village sanitation :—

39. I trust that it will be considered that these figures show a real advance in perhaps the most important item of local sanitation. The only other expenditure incurred by Local Funds on sanitation was an item of Rs. 81-6-10 spent for the removal of prickly pear and rank vegetation in 7 villages of the Kapadvanj Táluka in the Kaira District, and a sum of Rs. 99-14-1 spent by the Thâna Local Board in the employment of one scavenger to keep the town of Sháhápur clean. But on this point I would refer to Mr. Spence's paragraph 15 of his last year's report. A great deal of steady work is done in villages, under the direction of district officers towards keeping the village-sites clean, without any expenditure from Local Funds.

40. Next year will probably see contributions from Local Boards to measures under the Village Sanitation Act.

41. As required by Government Resolution No. 779, dated 30th January 1890, I submit the notes of the Executive Engineers in the Division as to the original cost, mileage, and present condition of the Local Fund roads in their charges.

I have the honour to be,
Sir,
Your most obedient Servant,
G. B. REID,
Commissioner, N. D.

No. R.—4532 of 1893.

From

J. F. FLEET, Esquire, C.I.E.,
Commissioner, in charge C. D.;

To

The CHIEF SECRETARY to GOVERNMENT,
Revenue Department.

Poona, 12th October 1892.

Sir,

I have the honour to submit the Annual Report on the Administration of the Local Boards in the Central Division for the year 1892-93, together with the usual statistical Statements I. to IV., in the form prescribed.

Statement No. I.—Constitution of the Boards.

2. The constitution of the Boards remained unchanged during the year under report; there being, as in the previous year, 6 District Boards and 65 Táluka Boards. As compared with the previous year, there is an apparent increase of one square mile in the total area; this, however, is only due to the fact that the Khándesh area was then wrongly shewn as 8,848 square miles; the correct figure, 8,849, has now been substituted. There is also an apparent increase of two members, the total number now being 1,211; this is simply due to an omission of two members last year in the statement furnished by the Ráhuri Táluka Board of the Ahmednagar District; they are official members. Of the total number of members, 6 are *ex-officio;* 639, nominated; and 566, elected. The number of official and non-official members is 279 and 932, respectively, against 285 and 924 in the preceding year; the variations are due partly to the inclusion of two official members, previously omitted, as noted above, and partly to vacancies arising from the resignation, &c., of official members, having been filled by the appointment of non-officials.

3. The total number of meetings held by the several Local Boards during the year under report was 386, against 447 in the preceding year, shewing an aggregate decrease of 61; the decrease has occurred more or less in every district, and appears to be simply due to the business of the year not requiring more meetings than were actually held. All the District and Táluka Local Boards complied with the provisions of the rule regarding the holding of half-yearly meetings. The subjoined table shews the total number of meetings held in each district, the number of official and non-official members, and the average attendance of members at meetings:—

Districts.	Number of Meetings.	Members.			Average Attendance.		
		Official.	Non-official.	Total.	Official.	Non-official.	Total.
Ahmednagar	79	52	152	204	2·7	5·6	8·3
Khándesh	103	81	216	297	2·6	7·1	9·7
Násik	61	51	160	211	2·4	5·8	8·2
Poona	43	32	123	155	2·9	6·6	9·5
Sátára	69	42	166	208	2·0	7·0	9·0
Sholápur	31	21	115	136	2·0	6·2	8·2
Total ...	386	279	932	1,211	2·4	6·4	8·9

4. Compared with the preceding year, the average attendance of official members has slightly improved in Ahmednagar, Sátára, and Sholápur; while in Khándesh, Násik, and Poona, it is almost the same as in the preceding year. As regards the average attendance of non-official members, it has increased in Khándesh, and fallen in Ahmednagar and Násik; in Poona, Sátára, and Sholápur, it was almost stationary. In connection with this subject, the Collector of Khándesh writes:—"On the whole, there is every reason to believe that consi-"derable interest has been shewn by the members of the Local Boards generally, "in carrying out the duties entrusted to them." The Collector of Ahmednagar remarks:—"The poor attendance of non-official members continues to be "assigned to the want of interest taken by them in Local Board business." And the Collector of Násik says:—"Some of the non-official members of the District "and Táluka Local Boards attended no meetings, and shewed no interest in the "Local Fund business." The Collectors of Poona, Sátára, and Sholápur, have made no remarks regarding the attendance of members.

5. Looking at the results for the Division as a whole, the attendance of members, both official and non-official, is very much the same as in the preceding year.

STATEMENT NO. II.—INCOME.

6. The actual receipts of the several Boards from all sources, during the year, amounted to Rs. 13,77,039-5-9, against Rs. 14,32,382-0-4 in the preceding year; shewing a net decrease of Rs. 55,342-10-7. The balance to the credit of the Boards at the commencement of the year was Rs. 8,91,743-5-10. The total revenue for the whole Division, therefore, including the opening balance, amounted to Rs. 22,68,782-11-7, against Rs. 22,06,538-5-6 in the previous year. The following table shews the receipts under the various heads:—

Heads.	Income during 1892-93.	Income during 1891-92.	Increase.	Decrease.

Total, Rs. ...	13,77,039 5 9	14,32,382 0 4	2,38,927 10 1	2,94,270 4 8
			Net Decrease, Rs. ...	55,342 10 7

7. *I. Land Revenue.*—The receipts under this head are on account of the sale-proceeds of trees, grass, &c. And the increase of Rs. 498-9-3 does not require explanation, as it is small, and the items are always of a fluctuating nature.

8. *VI. Provincial Rates.*—The revenue under this head consists of the net proceeds of the one-anna cess levied under the Bombay Local Funds Act of 1869, and is the principal source of revenue. The following table gives the proportion of the net receipts from the one-anna cess to the total income, and its incidence per head of population:—

Year.	Total Income.	Net Revenue derived from One-anna Cess.	Percentage of Column 3 to Column 2.	Incidence of One-anna Cess per head of Population.
	Rs. a. p.	Rs. a. p.		Rs. a. p.
1892-93	13,77,039 5 9	7,91,596 6 9	57·5	0 2 0
1891-92	14,32,382 0 4	6,70,117 12 2	46·7	0 1 8

The receipts from the one-anna cess exceeded the figures under the same head for the preceding year by Rs. 1,21,478-10-7. The excess is partly due to the fact that, in previous years' reports, the receipts on account of the educational one-third of the one-anna cess were improperly shewn under "XIX. Education" by the Collectors of Násik, Poona, and Sátára; they have now been included under "Local Rate," subordinate to "Provincial Rates." Apart from the receipts thus credited, there is still a noticeable increase, which for Khándesh and Sholápur is explained by the Collectors as being due to the introduction of revision survey rates in some of the tálukas in those districts, and for Poona is attributed by the Collector to the fact that the rayats in the Bhimthadi and Şirur Tálukas withheld payment of land revenue until March 1892, in the expectation of remissions which were not considered justifiable. The receipts for 1891-92 after March 1892 had, therefore, to be shewn in the accounts for the financial year 1892-93.

9. *XVII. Police.*—The total receipts under this head amounted to Rs. 1,06,352-4-7, against Rs. 98,641-14-4 in 1891-92; shewing a net increase of Rs. 7,710-6-3, which is due to the receipts under the Cattle Trespass Act being larger in the year under report than in the preceding year.

10. *XIX. Education.*—The revenue under this head amounted to Rs. 47,563-1-1, and exhibits a decrease of Rs. 2,85,567-14-2 as compared with the receipts of the previous year, which amounted to Rs. 3,33,130-15-3. The decrease, though it appears considerable, is only nominal; and it is due partly to the amounts of Provincial grants-in-aid, shewn in previous years' reports under this head, having this year been credited to the major head "Contributions," as directed in para. 2 of Government Resolution No. 2547, dated the 22nd July 1893, and partly to the transfer of the amounts of the one-third of the one-anna cess, which were hitherto improperly shewn under this head by the Collectors of Násik, Poona, and Sátára, to the head "Local Rate," subordinate to "VI. Provincial Rates." The total income under this head is made up as under:—

		Rs.	a.	p.
(1)	School fees	42,481	4	3
(2)	Contributions from private persons towards the pay of school-masters and for the construction of school-houses	4,171	5	9
(3)	Miscellaneous	910	7	1
	Total, Rs. ...	47,563	1	1

The amount entered under the minor heading "Miscellaneous," subordinate to the principal heading "Miscellaneous" under the major head of "Education," is composed of the following items:—

		Rs.	a.	p.
(1)	Sale-proceeds of unserviceable dead-stock articles ...	273	15	11
(2)	Sale-proceeds of surplus materials of school-houses ...	41	2	0
(3)	Bháta received by school-masters and servants from civil courts	56	11	0
(4)	Refund of unpaid pay of school-masters	129	11	5
(5)	Refund of excess payment of house-rent	35	1	3
(6)	Unexpended balance of school contingencies ...	18	7	6
(7)	Recovery of lost books and furniture	7	14	3
(8)	Sale-proceeds of trees, grass, and hedges, in school compounds	13	14	6
(9)	Sale-proceeds of school-buildings	97	12	0
(10)	Refund of amounts short paid for certain incomplete repairs to school-houses	7	3	9
(11)	Examination fees	12	0	0
(12)	Sale-proceeds of old records	9	10	8
(13)	Recovery of excess payments of house-rent ...	59	14	8
(14)	Recovery of excess payment made for school contingencies	0	4	6
(15)	Refund of school-masters' subsistence allowance ...	26	3	0
(16)	Recovery of pension contribution	0	8	5
(17)	Value of postage stamps lost	1	5	0
(18)	Refund on account of prizes	34	5	4
	Total, Rs. ...	826	1	5

11. *XX. Medical.*—The total receipts during the year under report amounted to Rs. 4,040-11-6, against Rs. 3,198-2-9 in the previous year. The increase chiefly occurs in Khándesh; and it is attributed by the Collector to larger popular contributions having been received, than in the previous year. The receipts are made up of the following items:—

	Rs.	a.	p.
(1) Contributions from municipalities towards the pay of vaccination establishments, and popular contributions towards the construction of dispensary buildings	3,960	4	0
(2) Other receipts	80	7	6
Total, Rs. ...	4,040	11	6

The amount (Rs. 80-7-6) appearing under "Other Receipts" comprises the following items:—

	Rs.	a.	p.
(1) Refund on account of pay, and travelling and leave allowances, of vaccinators	77	4	0
(2) Sale-proceeds of old boxes and records	3	3	6
Total, Rs. ...	80	7	6

12. *XXI. Scientific and other Minor Departments.*—The revenue under this head shews a falling off of Rs. 991-8-10, as compared with the previous year's figures; the total amount realised under this head being Rs. 1,933-6-5, against Rs. 2,924-15-3 in the preceding year. The receipts appear against Khándesh, Násik, Poona, and Sholápur. In Khándesh, they represent the interest on the endowments of the Máheji Exhibition Fund. In Násik, the item of Rs. 302-15-6, shewn against the Táluka Local Board of Niphád, is on account of the ground-rent realised at Naitala during the annual Khandoba Fair. In Poona, the amount is on account of sweepings, &c. And in Sholápur, the amount of Rs. 1,117-5-2, appearing against the District Local Board general, represents receipts on account of garden produce. The decrease mainly appears in Sholápur, and is explained by the Collector to be due to the fluctuating nature of realisations from the sale-proceeds of mangoes and other produce of the agricultural farm.

13. *XXV. Miscellaneous.*—The following are the items which make up the amount entered under this head:—

	Rs.	a.	p.	Rs.	a.	p.
(1) Sale of old stores and materials				179	5	9
(2) Staging bungalow fees				821	4	0
(3) Other items:—

(*w*) Unserviceable articles of a Government stallion	0	0	7			
				1,119	11	4
Total, Rs. ...				2,120	5	1

The various receipts under this head are of a fluctuating nature; and the small decrease of Rs. 439-1-0 needs no explanation.

14. *XXXII. Civil Works.*—The total realisations under this head amounted to Rs. 1,82,950-15-4, against Rs. 1,88,249-3-2 in the preceding year; shewing a falling off of Rs. 5,298-3-10. The total receipts are made up as under :—

Heads.	1892-93. Rs.	a.	p.	1891-92. Rs.	a.	p.
(1) Tolls on ferries and roads	1,61,780	3	1	1,58,986	11	11
(2) Rent of buildings and lands	201	8	2	547	5	0
(3) Sale of buildings and other property ...	80	0	0	.....		
(4) Sale of stores and materials	1,604	12	2	348	8	6
(5) Miscellaneous	2,768	11	4	172	9	1
(6) Contributions	17,107	12	7	28,194	0	8
(7) In charge of Public Works Officers	8	0	0	.....		
Total, Rs. ...	1,82,950	15	4	1,88,249	3	2

The decrease is chiefly due to smaller recoveries from "Tolls on Ferries and Roads" in the Ahmednagar District; to smaller realisations from private contributions for water-supply in the Násik District; and to the transfer of the Government grant for water-supply in the Sholápur District, hitherto shewn under this head, to the major head "Contributions". The receipts under the sub-head "Miscellaneous" are made up of the following items :—

	Rs.	p.
(1) Sale-proceeds of tools and plant	483	9
(2) Sale-proceeds of branches, &c., of road-side trees ...	1,268	0
(3) Amount debited in 1890-91 and 1891-92 for building a new dharmsála at Thalner in the Shirpur Táluka, and now recovered from the contractor, the work having remained unfinished	966	5
(4) Refund of an amount out of cheques drawn on account of Local Funds works	50	2
Total, Rs. ...	2,768	4

15. *Contributions.*—The total receipts under this head rose from Rs. 1,23,907-13-5 in 1891-92 to Rs. 2,32,305-4-8 in the year under report. The

increase is only nominal; and it is due to the amount of Government contributions, shewn in the report for the previous year under "XIX. Education," having been transferred to this head, according to the Government Resolution quoted in para. 10 above.

The following table gives the details of Provincial contributions:—

Districts.	Fees for permission to remove sand or to quarry.	Proceeds from fees, fines and penalties under Bombay Act VIII. of 1866.	Fixed contribution in lieu of one-anna cess on excise revenue.	Government grant for village sanitation and water-supply.	Government grant for primary education.	Government grant for special instruction. 16. *Debt.*—The item of Rs. 5,500 shewn under the minor head "Loans," is part of a sum of Rs. 13,000, of which Rs. 7,500 were obtained in 1891-92, borrowed by the Poona District Local Board for the construction of a bridge over the Sud nála on the Wadgaon-Shikrápur road. The item of Rs. 234-12-0, appearing under the sub-head "Deposits and Advances," represents the repayment of a sum advanced by the District Local Board of Poona to the Táluka Local Board of Sirur, to make up the deficiency in its balance.

Statement No. III.—Expenditure.

17. The total expenditure during the year under report amounted to Rs. 13,58,304-12-5, against Rs. 13,17,364-13-10 in the preceding year; shewing a net increase of Rs. 40,939-14-7. The following table contrasts the expenditure incurred by the Boards during the two years:—

18. *1; Refunds and Drawbacks.*—In the previous year, a sum of Rs. 34-3-7, which was assigned to municipalities under Section 47 of the Local Boards Act, was wrongly shewn under this head by the Collector of Ahmednagar. Such expenditure has, this year, been excluded from this head, and has been entered under its appropriate head "To other Boards," subordinate to "Contributions". There has, thus, been nothing for insertion under "Refunds and Drawbacks" during the year under report.

19. *18; Administration.*—The expenditure under this head amounted to Rs. 43,860-2-4, against Rs. 42,103-11-11 in 1891-92; and it includes the following items:—

	Rs.	a.	p.
(1) Charges on account of establishments maintained by the Local Boards	21,531	14	8
(2) Charges on account of office contingencies ...	5,620	15	4
(3) Charges on account of establishments entertained on Local Funds work in Government offices of control, *viz.* in the offices of Collectors, the Divisional Commissioner, the Accountant General, and the Educational Inspectors, including fees paid for the audit work performed by the Accountant General ...	16,727	4	4
Total, Rs. ...	43,880	2	4

The net increase of Rs. 1,776-6-5 is chiefly due to an increase in item No. 3, *viz.* payment of establishments for offices of accounts, control, and audit; and it calls for no remark.

20. *22; Education.*—The total expenditure under this head (Rs. 4,08,056-12-0) exceeded that of the preceding year (Rs. 3,95,921-8-3) by Rs. 12,135-3-9. The increase has occurred chiefly in Khándesh, and is explained by the Collector as being due to the grant of Rs. 9,650 to the new Vernacular School No. 1 at Dhulia, and to an increase in the grants to Municipal Schools. The amount entered under the sub-head "Miscellaneous" is made up as under:—

	Rs.	a.	p.
(1) House-rent	2,475	3	6
(2) Cost of books	1,271	2	3
(3) School furniture	2,046	1	0

(6) Gratuities	40	0	0
(7) Travelling allowance	64	14	0
Total, Rs. ...	17,033	10	5

21. *24; Medical.*—The total outlay under this head amounted to Rs. 58,022-6-5, against Rs. 54,737-8-8 in the previous year; exhibiting a net increase of Rs. 3,284-13-9. The increase has occurred chiefly in Sholápur, and is due to the additional grant of Rs. 2,900 made towards the dispensary building at Sángola during the year under report. The following are the details of expenditure under this head:—

	Rs.	a.	p.
(1) Paid to the Manmád apothecary by the Táluka Local Board, Nándgaon, as remuneration for treating patients at Nándgaon	120	0	0

Total, Rs. ...	2,548	4	6

The amount under the sub-head "Veterinary Charges" represents contributions towards the veterinary dispensaries at Poona and in Khándesh. The other sub-heads explain themselves.

23. *29; Superannuation Allowances and Pensions.*—The decrease under this head is due to the transfer of the amount this year to the head "Administration," under which it is rightly to be shewn.

24. *30; Stationery and Printing.*—The total expenditure incurred under this head amounted to Rs. 1,748-4-5, against Rs. 6,785-15-6 in the preceding year. There was a decrease in all the districts, but chiefly in Násik, Sátára, and Sholápur; and it is due to a large amount having been spent on the printing of forms, &c., in 1891-92, in connection with the elections held in that year.

25. *32; Miscellaneous.*—The amount spent under this head during the year under report was Rs. 26,944-6-3, against Rs. 25,714-1-1 in the previous year. The sub-heads under "Petty Establishments," subordinate to this head, do not require explanation. The details of the other sub-heads, "Miscellaneous and Unforeseen Charges" and "Miscellaneous Refunds," are given below:—

(1) *Miscellaneous and Unforeseen Charges.*—The amount under this head consists of the following items:—

(*e*) Refund of contribution for a chandi at Mehun	20	0	0
Total, Rs. ...	4,901	9	0

26. *33; Famine Relief.*—The decrease under this head is due to the following cause:—Last year a sum of Rs. 637-7-7, appearing under this head, was expended by the District Local Boards of Poona and Sátára, in connection with special works which were started with a view to afford relief and were wrongly classed as Famine Relief Works, notwithstanding that no famine was officially declared in those districts. Such expenditure has this year been excluded from this head, and is shewn under its appropriate service head, "45, Civil Works."

27. *45; Civil Works.*—The total expenditure under this head rose from Rs. 7,62,148-4-2 to Rs. 7,88,703-5-6. Of the total expenditure, Rs. 3,16,673-15-10 were spent on works carried out by Civil agency, and Rs. 4,72,029-5-8 on those carried out by Public Works Department agency. The details of the sums spent on original works, on repairs, and on communications, carried out by the Civil and the Public Works Department agencies, are given in the subjoined table:—

28. *Contributions.*—The total expenditure under this head, for the whole Division, amounted to Rs. 12,046-11-6, against Rs. 12,306-12-10 in the previous year; shewing a decrease of Rs. 260-1-4, which is too trifling to require any comments.

The details of the item under "To Provincial" are as under:—

	Rs.
(1) Contribution to civil hospitals	1,000
(2) Contributed for a country ghát road in the Akola Táluka	1,000
(3) Contribution towards the construction of, and repairs to, the Ghoda-Ambegaon road	3,000
(4) Contribution towards the maintenance of the Sassoon hospital at Poona	1,000
(5) Contribution to the Government civil hospital at Sátára	500
Total, Rs....	6,500

The amounts entered under "To other Boards" are on account of assignments of cess revenue to municipalities under Section 47 of the Local Boards Act.

29. *Debt and Interest on Debt.*—The figures under these heads appear against the Poona District only, and the explanation appears to be as follows:—

The sum of Rs. 3,817-3-3, under "Repayment of Loans," is composed of two items of Rs. 2,901-1-8 and Rs. 916-1-7. The first represents the amount of instalments of principal, without interest, paid to Sirdár Sadáshivráo Mádhav Purandhare and Ráo Bahádur Náráyan Bhái Dándekar, from whom Rs. 25,000 and Rs. 15,000, respectively, were borrowed at 6 per cent., to be repaid in 24 half-yearly instalments, for the construction of a bridge on the Indráyani river at Indori in the Mával Táluka, on the authority of Government Resolution No. 1604, dated the 3rd June 1885. The total sum repayable, including interest, was Rs. 56,688; and the amount of each half-yearly instalment, including principal and interest, is Rs. 2,362.

The second item, Rs. 916-1-7, represents the amount of instalment of principal, without interest, of a second loan of Rs. 13,000, borrowed from Sirdár Sadáshivráo Purandhare, at 6 per cent., for the construction of a bridge over the Sud nála on the Vadgaon-Shikrápur road, on the authority of Government Resolution No. 4171, dated the 1st December 1891. The amount of this loan was obtained from Mr. Purandhare in three instalments of Rs. 2,500 each, in January, February, and March, 1892, and one instalment of Rs. 5,500 in April of the same year. The loan is repayable in twelve equal half-yearly instalments, fixed at Rs. 1,306-1-7, and each made up of principal Rs. 916-1-7, and interest Rs. 390.

The amount of Rs. 2,286-7-0 appearing under "Interest on Debt," comprises three items,—Rs. 1,822-14-4, Rs. 390, and Rs. 73-8-8. The first item represents the instalment of interest in respect of the first loan of Rs. 40,000 mentioned above; the second represents the instalment of interest in respect of the second loan of 13,000; and the third is the interest on the Rs. 7,500 received by the District Board in the months of January, February, and March, 1892, and shewn in the last year's report: the interest on this amount could not be charged in last year's report, as the receipt of the loan was not then complete; the first half-yearly instalment of this loan became due in October 1892; and it was paid in that month.

BALANCES.

30. The opening balance at the commencement of the year under report was Rs. 8,91,743-5-10, while the closing balance amounts to Rs. 9,10,477-15-2; the balance thus shews an increase of Rs. 18,734-9-4.

There is a difference of Rs. 2,569-14-2 between the closing balance for the Division shewn in the report of last year, *viz.* Rs. 8,89,173-7-8, and the opening balance of the current year; and it is explained in the following manner:—

The opening balance of the Ahmednagar District exceeds the closing balance of the same district, as exhibited, by Rs. 3,600. The difference is on account of permanent advances drawn under Section 50 of the Local Boards Act by the District Board and by each of the Táluka Local Boards, at Rs. 300 each, and shewn in previous year's reports under debt account by a minus entry in Statements II. and III. This procedure has been discontinued under the orders of Government contained in Government Resolution No. 5543, dated the 7th July 1891, para. 3. And these advances have consequently been now included in the opening balances of the respective Boards.

In the Násik District, there is an increase of Rs. 11-4-3 in the opening balance of the District Board, and a decrease of Rs. 15-10-0 and Rs. 22-14-0, respectively, in the balances of the Dindori and Málegaon Táluka Boards. The total balance of the district at the commencement of the year thus exhibits a net decrease of Rs. 27-3-9, which is due to adjustments made by the Accountant General after the submission of the report for 1891-92.

In Sholápur, the opening balance shewn against the District Local Board exhibits a decrease of Rs. 1,002-14-1, as compared with the closing balance of the same Board at the end of the previous year. This also is due to adjustments made by the Accountant General after the submission of the report of last year.

The subjoined table shews the opening balances at the beginning of the year, the receipts and expenditure during the year, and the closing balances of the year, for each District of the Division:—

No. 4059 of 1893.

From

The Honourable J. NUGENT, I.C.S.,
Commissioner, S. D.;

To

The CHIEF SECRETARY to GOVERNMENT,
Revenue Department,
Bombay.

Belgaum, 4th September 1893.

Sir,

I have the honour to submit the Annual Report on the working of the Local Boards in the Southern Division for the year 1892-93.

Statement I.

2. The number of Local Boards, *i.e.* 56, and the population subject to their authority, continue to be the same as in 1892. Except in the Kolába District, where the Director of Land Records and Agriculture has pointed out a net decrease of 25 square miles, the area of the several districts remains the same as in the previous year. The population entered is according to the general census of 1891.

3. The number of members serving on the Local Boards is the same as in the previous year, namely 900.

The number of meetings held by the several Boards shows an aggregate decrease of 77 as compared with the number in 1891-92. All the District Boards complied with the provisions of the rule regarding the holding of half-yearly meetings. The Táluka Boards held a fair number of meetings except that of Dhárwár, which held only one during the year. The Sirsi and Indi Táluka Local Boards held only two meetings each.

In Belgaum the average attendance at District Local Board meetings was the highest, viz., 73 per cent. of the number of members; while in Ratnágiri it was lowest, being only 35 per cent. In the Ratnágiri and Kánara Districts the difficulty and comparative cost of locomotion are so great that it is not easy to induce the members to incur the trouble and cost necessitated by attendance at meetings. The average attendance at Táluka Local Board meetings was fairly good except in the case of the Táluka Local Board of Chikodi, where it was slightly below one-third of the number of members. On the whole the average attendance at meetings shows a decided improvement over that of the preceding year.

Statement II.

4. The year opened with a divisional balance of Rs. 7,66,302-0-8. The total income of the Boards amounted to Rs. 10,69,143-1-11 against Rs. 10,88,796-9-11 in the preceding year, thus showing a decrease of Rs. 19,653-8-0. The subjoined table displays the receipts under the various heads:—

Heads.	Income during 1892-93.	Income during 1891-92.	Increase.	Decrease.

Total ...	10,69,143 1 11	10,88,796 9 11	46,096 12 6	65,750 4 6
			Net decrease ...	19,653 8 0

The causes of increase and decrease under each head are given below :—

I—Land Revenue.—The income under this head consists of sale-proceeds of trees, grass, &c., and shows an increase of Rs. 88-12-4.

VI—Provincial Rates.—The revenue under this head comprises the net proceeds of the one-anna cess levied under the Bombay Local Fund Act of 1869, which is the chief source of the Local Fund revenue, having, as shown in the subjoined table, contributed 57·4 per cent. of the total income :—

Year.	Total Income.	Net Revenue derived from One-anna Cess.	Percentage of column 3 to column 2.	Incidence of One-anna Cess per head of population.
1	2	3	4	5
	Rs. a. p.	Rs. a. p.		Rs. a. p.

1891-92	10,88,796 9 11	5,96,427 4 11	54·8	0 2 0
	Net increase ...	16,113 2 3		

There is an aggregate increase of Rs. 16,113-2-3, chiefly due to the collection of the revenue remaining in arrears in the districts of Bijápur and Dhárwár, where scarcity prevailed in the preceding year.

XVII—Police.—The receipts under this head (Rs. 18,788-13-3) were realized under the Cattle Trespass Act, showing an increase of Rs. 19-9-4 only.

XIX—Education.—The income under this head rose from Rs 67,114-7-10 to Rs. 73,870-14-7, exhibiting an improved yield of Rs 6,756-6-9, chiefly attributable to a larger attendance in schools in Belgaum and Bijápur, and to the enhancement of the rates of fees in the Karjat Táluka of the Kolába District. The total receipts are made up of—

Balances.—The total of the balances to the credit of the Boards at the close of the year amounted to Rs. 6,18,018-3-11, *i. e.* less than two-thirds of the annual income, against Rs. 7,66,302-0-8 in the preceding year, exhibiting a decrease of Rs. 1,48,283-12-9. According to the books of the Accountant General, however, the balances of the several District Local Boards amount in the aggregate to Rs. 601,678-4-11, and there is thus a difference of Rs. 16,340. But this difference is only nominal and represents the amounts of the permanent advances drawn under Section 50 of the Local Boards Act, as specified in the margin; these advances have been included by the Collectors, in accordance with the orders contained in paragraph 4 of Government Resolution No. 5543, dated the 7th July 1892. The following statement gives the details regarding the income and closing balance of each district for the last two years:—

Statement IV.

6. The following table gives a comparative statement of the expenditure on village sanitation, improvement of water-supply, and conservancy of towns and villages during the year under report and that during the year 1891-92. There is a decrease of Rs. 11,422-15-2 in the aggregate and, considering that the great outlay under the head of water-supply in the preceding year was owing to famine relief works, the expenditure in 1892-93 displays a considerable excess over that incurred in previous years and is on the whole satisfactory. Improvement of village sites and removal of prickly-pear have received the same attention as last year:—

Year.	Improvement of Water-supply.	Improvement of Village Sites, &c.	Conservancy of towns and villages.	Total Expenditure.

Of the total expenditure on the improvement of water-supply (Rs. 1,17,501-10-4), Rs. 58,366-3-3 were spent on the construction of original works as detailed below, the remainder being expended on the improvement of, or repairs to, the existing sources of water-supply:—

General Remarks.

8. The above table shows—

(*a*) that the percentage of expenditure on "Educational objects" continues to be highest in the Ratnágiri District;

(*b*) that the percentage of expenditure on medical objects continues to be highest in the Kánara District; and

(*c*) that the percentage of expenditure on public works is highest in Belgaum.

9. The Presidents of the District Local Boards of Belgaum, Bijápur and Dhárwár are silent on the working of the Boards under their charge. The Collector of Ratnágiri remarks, and I believe rightly, on the abnormal dispro-

portion existing between the amount of Local Funds under the direct control of the District Board and the amount of expenditure on the establishments maintained to look after the funds: it costs in that district about one rupee to look after an expenditure of six. A reduction in the clerical staff appears both feasible and desirable, and the Collector will be asked to submit matured proposals with this object in view. Kolába is exhibiting gradual but satisfactory progress in the matter of education as well as of providing an improved water-supply. The number of new wells constructed in that district is large and increasing. The Collector makes honourable mention of the Alibág and Mahád Boards. The work of the Kánara Táluka Boards in general and specially of the Sirsi and Kumta Boards leaves much to be desired. The members evinced slight interest in the work and there, (as also it may be observed was the case in many places elsewhere,) thought they had done all they could reasonably be expected to do if they attended—and that but rarely—the Board meetings. Mr. K. P. Joshi, who, the Collector reports, "notoriously took no interest in Local Boards works" during the time he was Mámlatdár of Sirsi, has been warned against the repetition of similar dereliction of duty. Mr. Davidson, the President of the District Local Board of Kánara, labours under exceptional difficulty, as the non-official members of the Boards are very remiss in their attendance and devote little time or trouble to the duties which they might usefully discharge but which they prefer to neglect on various pleas. Kánara is doubtless not an easy country to travel in: nevertheless with a little energy and zeal the members might manage to accomplish much more than they do and to render some valuable assistance instead of casting all the burden on the Collector and leaving him to conduct practically single-handed all the work of Local Fund administration.

10. The ratio of total expenditure to total income, including the opening balance during the year under report, was 66·33 against 60·26 in 1891-92. Under Education a commendable attempt has been made in Bijápur and Dhárwár to improve the quality of teachers thongh slightly at the expense of the number of schools in the latter district, by the grant of increased salaries to the existing teaching staff and by the employment of better trained instructors in some of the institutions. A fair amount of attention has been paid to the removal of prickly-pear in the district of Belgaum and to the improvement of the water-supply in those of Belgaum, Dhárwár and Bijápur, where attention to this object is of graver importance than in the below-ghát districts. The cost of the maintenance of roads in Kánara is, by reason of the heavy rainfall and the numerous hills and rivers of that district, exceptionally high relatively, but fortunately the abundant and pure water-supply there renders unnecessary any large outlay on wells and tanks. One noticeable feature of the year under review was the abolition of the agricultural farm at Belgaum, towards the support of which the Local Board of the district paid before an annual grant of about Rs. 660. The four bulls now kept at the cost of Local Funds in the same district have proved of little use for the purpose for which they are maintained and may with advantage be got rid of.

11. An important event partially connected with the year under report was the recommendation by the District Local Boards of the Southern Division for nomination by His Excellency the Governor of Bombay of a person as Additional Member of His Excellency's Council for the purpose of making laws and regulations only. In pursuance of the regulations and rules framed by the Government of India and the Bombay Government, the District Local Boards in this Division were invited to make their selection. Special meetings of the several Boards were held for the purpose of appointing representatives who were in their turn to make the final selection for the approval of His Excellency. The following number of representatives were appointed.—

Belgaum	...	11
Bijápur	...	8
Dhárwár	...	11
Kánara	...	5
Ratnágiri	...	12
Kolába	...	6 or 53 in all.

12. The Boards were asked whether they desired that the representatives appointed by them should assemble at some central place, and there and then

record their votes, or whether the voting by the representatives should be by means of voting papers. All the Boards with the solitary exception of that of Kolába preferred the latter method as saving the representatives the inconvenience and cost of travelling from their homes to Belgaum. Voting papers were accordingly sent to the several representatives who were asked to return them through their respective Presidents to me. Ten candidates were nominated for recommendation—3 from Belgaum, 4 from Dhárwár, and 3 from the Ratnágiri District. Two of the candidates withdrew from the contest, three did not secure any votes, and of the remaining five, each received the number of votes entered against his name :—

The Honourable Mr. V. R. Nátu...	...	...	26
„ Mr. V. R. Katti...	...	...	12
„ Mr. S. B. Bháté...	...	...	6
„ Mr. R. V. Desái...	...	...	5
„ Mr. G. K. Deshpandé	...	...	3

There was a fair amount of canvassing on the part of the candidates; but the public generally, as far as I could judge, assumed the attitude of Gallio and cared for none of these things. On the part of some of the representatives a curious impartiality was noticeable. The same representative would nominate one candidate, second another, and actually give his vote for a third. The meetings of the Boards for the selection of representatives were fairly well attended except in Dhárwár and Kánara, where the attendance respectively was 16 out of 31 and 10 out of 17.

13. All the Collectors have displayed great and intelligent interest in the Local Board administration and to their efforts and energy and supervision and control the success of the working of the year is mainly due. Of the non-official members Mr. Narayanrao Udyawar of the Honávar Táluka Local Board has rendered the most valuable service, and has proved himself most usefu

I have the honour to be,

Sir,

Your most obedient Servant,

J. NUGENT,

Commissioner, S. D.

No. 4320 of 1893.

REVENUE DEPARTMENT.

FROM

COLONEL R. I. CRAWFORD,
Acting Commissioner in Sind ;

To

HIS EXCELLENCY THE RIGHT HONOURABLE
LORD HARRIS, G. C. I. E.,
Governor and President in Council,
Bombay.

Commissioner's Office, Karáchi,
30th October 1893.

MY LORD,

I have the honour to submit the Administration Report on the working of Local Boards in the Province of Sind for the year ending 31st March 1893, together with the statistical tables Nos. I to IV compiled in my office in the prescribed form.

2. The following table gives the dates of receipts of reports from the Collectors and Deputy Commissioners and of their final replies to references made for further information or explanation :—

Districts.	DATE OF RECEIPT OF	
	Report.	Final reply.
Karáchi	6th July 1893 ...	.....
Hyderabad	25th „ „ ...	9th October 1893.
Shikárpur	12th August 1893 ...	5th „ „
Thar and Párkar	14th July 1893 ...	2nd September 1893.
Upper Sind Frontier	12th June 1893 ...	1st „ „

3. I regret the delay in the submission of the report, which is due in a great measure to the time occupied in correspondence with the District officers regarding mistakes and discrepancies in their reports, and it will be seen that it was not till the end of the first week in October that the final replies from two districts were received. The attention of the Collectors and Deputy Commissioners having now been drawn to the orders of Government, which were overlooked, I trust such delay will not occur in future.

STATEMENT No. I.—CONSTITUTION OF BOARDS AND MEETINGS.

4. The constitution of the Boards remained unchanged during the year under report, there being 5 District Boards and 46 Táluka Local Boards in the province.

5. The elective system remained in force in the districts of Karáchi, Hyderabad and Shikárpur. In the districts of Thar and Párkar and Upper Sind Frontier, owing to their backward condition, the Boards there still consist of nominated members only.

6. The area of the province as compared with that shown in last year's report exhibits a decrease of 29·37 square miles which occurs in the Upper Sind Frontier District, and is ascribed partly to an error in the deduction made on account of a small strip of country retransferred to the Punjáb from the Kashmor Táluka, and partly to correction of errors in the survey registers. In the Thar

and Párkar District, however, it will be observed that although the total area of the district remains the same, the areas of the various Táluka Boards differ from those shown in the previous year's report. The difference is explained by the Deputy Commissioner as due to revised figures since furnished by the Superintendent, Sind Revenue Survey.

7. There is an increase of 429 in the population as compared with the previous year. The increase is due to correct figures according to the published tables having now been entered by the Deputy Commissioner, Upper Sind Frontier District, against the various Táluka Local Boards in that district, whereas in the previous year rough figures as taken from the enumeration books were shown by him.

8. As compared with the previous year there is a decrease of one in the number of nominated members and an increase of three in that of the elected members. The decrease of one member occurs in the Karáchi District, where a corresponding increase will appear in the number of elected members. This is due to the member elected by the Kotri Municipality for the Kotri-Mánjhand Táluka Local Board being formerly incorrectly shown by the Collector as nominated. The remaining increase of two in the number of elected members occurs in the Shikárpur District Board owing to the full strength of the Board being shown inclusive of two vacancies which had not been filled since the Board was last constituted and were not shown in previous reports. It may be stated that one of the two vacancies was filled during the year under report, and that the Collector has directed an election to be held for the purpose of filling the other.

9. The total number of meetings held during the year was 362 as compared with 397 in the previous year. The provisions of the law regarding the holding of half-yearly meetings were complied with by all the District Boards. The Táluka Boards held a sufficient number of meetings and the average attendance was fairly good in most of the District and Táluka Local Boards with the following exceptions, where it fell short of one-half of the total number of members:—

Kotri-Mánjhand and Sehwan Táluka Local Boards.	In the Karáchi District.
Hyderabad District Board and Hyderabad, Guni, Tando-Bago, Dero Mohbat, Tando Allahyar, Shahdádpur, Hála, Sakrand, Kandyáro and Moro Táluka Local Boards.	In the Hyderabad District.
Kambar, Kakar and Nasirabad Táluka Local Boards.	In the Shikárpur District.

The irregular attendance in the Karáchi District is reported to be due to the long distances to be travelled by members attending the meetings, while in the case of the District Board of Hyderabad it was due to the absence of some members in other districts when meetings were held. No explanation has been assigned in the case of the Táluka Boards in the Hyderabad and Shikárpur Districts. Want of interest taken by the members is also another reason.

Statement II.

10. The total income of the year, excluding the opening balance for the whole province, was Rs. 7,73,926-15-0; including the opening balance it was Rs. 12,23,633-11-3. The corresponding figures of the previous year were Rs. 8,05,349-11-4 and Rs. 13,04,891-12-4 respectively.

The principal items of income are shown in the following table:—

11. The receipts under the head Land Revenue represent sale-proceeds of trees, grass, &c., the total realizations on account of which amounted to Rs. 3,357-6-11 as against Rs. 1,384-6-9 in the previous year, showing an increase of Rs. 1,973-0-2, of which no less than Rs. 1,859-1-3 occurs in the Shikárpur District and is ascribed to the increased sale of timber and loppings.

12. *VI.—Provincial Rates.*—The receipts under this head comprise the net proceeds of the one-anna cess levied under the Bombay Local Funds Act and fluctuate with the land revenue. They amounted to Rs. 4,45,757-4-8 as against Rs 4,81,587-2-0 in the previous year, showing an aggregate decrease of Rs. 55,023-3-4 occurring in the Karáchi, Hyderabad and Shikárpur Districts. Against this there is an increase of Rs. 4,720-3-0 and Rs. 14,473-3-0 in the Thar and Párkar and Upper Sind Frontier Districts, so that the net decrease amounts to Rs. 35,829-13-4. The decrease in the Karáchi and Hyderabad Districts is attributable chiefly to the collection of arrears in the previous year. In the former district the decrease is also due to remission of a large amount of assessment on account of floods during the year under report. The decrease in the Shikárpur District is ascribed to the temporary non-levy of the 5 per cent. jághir cess pending decision as to the method of assessing it. The increase in the Thar and Párkar District is attributable to the realizations of the one-anna cess in the Desert tálukas, the collection of which had been postponed owing to the failure of crops in 1891-92, while in the Upper Sind Frontier District it is reported to be due to increase in cultivation as compared with the preceding year.

13. *XII.—Interest.*—The sum of Rs. 817-15-2 shown under this head represents interest on the closing balances of certain defunct minor municipalities in the Thar and Párkar District which were abolished in 1878 and their balances made over to the Local Funds on condition that the latter would defray the requisite expenditure on certain specified objects. The decrease of Rs. 271-2-6 as compared with the previous year is due to the interest on Government securities having been received in advance in 1891-92.

14. *XVII.—Police.*—The net receipts under this head amounted to Rs. 26,340-14-3 against Rs. 28,241-5-4 in the previous year, giving a net decrease of Rs. 1,900-7-1 which occurs in the Shikárpur, Hyderabad, Thar and Párkar and Upper Sind Frontier Districts. The decrease in the first district is attributable to the construction of three new pounds, while in the latter district it is due to the smaller number of cattle impounded owing to abundant pasture during the year. The small increase in the Karáchi District calls for no remarks.

15. *XIX.—Education*—The sum of Rs. 25,046-10-1 shown under this head comprises the following items :—

	Rs.	a.	p.
1. Fees received from students attending schools.	1,730	12	7
2. Sale-proceeds of books, furniture, &c. ...	1,313	13	6
3. Contributions	22,002	0	0
Total ...	25,046	10	1

The last item represents contributions received by the Hyderabad District Board from other Boards towards the maintenance of the Female Training College and Agricultural School at Hyderabad, which have been shown here agreeably to the instructions contained in paragraph 2 of Government Resolution No. 2547, dated 22nd July 1893.

16. *XX.—Medical.*—The receipts under this head amounted to Rs. 316-2-5, of which Rs. 313-0-0 were contributed by municipalities towards the cost of vaccination establishments and the remainder, Rs. 3-2-5, was of a miscellaneous nature.

17. *XXI.—Scientific and other minor Departments.*—The receipts under this head show a falling off of Rs. 3,392-10-9 against an increase of Rs. 216-2-10, so that there was a net decrease of Rs. 3,176-7-11. Of the total amount of decrease

Rs. 3,391-11-5 occurs in the Hyderabad District and is ascribed to unprecedented floods during the year under report, in consequence of which the farm and garden at Hyderabad were under water for some time. Great damage was caused and a considerable outlay is necessary to get the grounds into proper order again. The receipts under this head are composed of the following items :—

	Rs.	a.	p.
Garden receipts	4,694	6	3
Veterinary receipts	352	0	0
Experimental Farm	2,254	7	0
Fairs and Exhibitions	2,475	14	10
Total ...	9,776	12	1

Of the amount shown under veterinary receipts Rs. 300 were contributed by the Hyderabad Municipality towards the maintenance of the Veterinary Dispensary at Hyderabad and Rs. 52 represents the share received on account of the hire of the Government stallion working at the municipal well at Jacobabad.

18. *XXV.—Miscellaneous.*—The revenue under this head amounted to Rs. 6,078-4-4 as contrasted with Rs. 5,147-7-2 last year. Of the total amount Rs. 2,208-0-7 were on account of staging bungalows and serai fees, and the remainder on account of sale-proceeds of land produce, old stores and materials, fruit of trees, recoveries on account of over-payments, &c.

19. *XXII.—Civil Works.*—The realizations under this head amounted to Rs. 26,978-3-5 against Rs. 43,513-10-3 in the previous year. Details are given in the subjoined table :—

There is a decrease of Rs. 18,358-15-10 in the Karáchi, Hyderabad and Shikárpur Districts, and an increase of Rs. 1,823-9-0 in the Thar and Párkar and Upper Sind Frontier Districts. The decrease in the Karáchi and Hyderabad Districts is chiefly due to non-payment of receipts on account of the Kotri-Gidu ferry by the Railway Department since the transfer of the ferry to that Department in August 1892. The decrease in the Shikárpur District is due to the number of passengers using the steam ferry at Sakkar being much less than in the previous year. Besides this the steam ferry was closed to the public for about two months, one steamer being under repairs and the other having been lent to the Hyderabad District Board.

During the year under report a ferry was started between Gopang and Hála, but owing to a change in the course of the river it was transferred to Phulji, where also a similar difficulty was found to exist and it was consequently given up.

The amount shown under contributions was contributed by private persons, municipalities and other bodies towards various objects.

20. *Contributions.*—The receipts under this head in all amounted to Rs. 2,29,457-5-8 against Rs. 2,28,730-5-0 in the previous year, showing a net

increase of Rs. 727-0-8. Provincial contributions amounted to Rs. 2,15,857-5-8, details of which are given in the subjoined table:—

Of the sum of Rs. 13,600 shown under contributions from other Boards, Rs. 11,100 were transferred by the District Board, Karáchi, from General to Educational for payment of grants to certain schools, and Rs. 2,500 were contributed by the Shikárpur District to the Upper Sind Frontier District Board on account of the Horse Show held at Jacobabad during the year under report.

22. *XVIII.—Administration.*—The expenditure entered under this head includes charges on account of establishments entertained by Local Boards and Local Fund establishment employed in Government offices, &c., and amounted to

Rs. 22,722-11-10 against Rs. 21,888-14-1 in the previous year, showing an increase of Rs. 853-13-9. The increase is chiefly due—

(*a*) to the disbursement of leave allowances under Article 854 of the Civil Service Regulations and increased expenditure on account of purchase of dead stock articles in the Karáchi District;

(*b*) to disbursement in the Hyderabad District from Local Funds of the pay of Local Fund establishment for March 1893 chargeable to Provincial Funds which was subsequently refunded and credited to Local Funds; and

(*c*) to re-appointment in the Thar and Párkar District of a Local Fund overseer whose pay the Deputy Commissioner, Thar and Párkar, states has been shown under this head in accordance with the instructions contained in Government Resolution No. 5325, dated 29th July 1890, and inclusion by the Deputy Commissioner under this head of expenditure on account of purchase of cholera medicines which it would have been more appropriate to show under "Miscellaneous and Unforeseen Charges" subordinate to the head "32, Miscellaneous."

23. *XX.—Police.*—There was no expenditure under this head during the year under report.

24. *XXII.—Education.*—The expenditure under this head amounted to Rs. 2,59,010-2-10 against Rs. 2,32,181-12-2 in the previous year, showing an increase of Rs. 26,828-6-8 as shown in the following table:—

Total ...	2,59,010 2 10	2,32,181 12 2	29,547 8 10	2,719 2 2

The increase occurs in the Karáchi, Hyderabad and Shikárpur Districts and is chiefly attributable—

(*a*) to the opening of several new schools in all the above three districts;

(*b*) to increase in the strength and promotion to teachers in the Karáchi and Hyderabad Districts; and

(*c*) to increase in the grants made to the college, madressa and indigenous schools in the Karáchi and Shikárpur Districts and also to the payment in those districts of new grants-in-aid of Rs. 8,000 and Rs. 5,000 towards the maintenance of the Female Normal School at Hyderabad.

25. *XXIV.—Medical.*—The expenditure under this head consists of the following items:—

As compared with the previous year there is a net increase of Rs. 16,832-13-1 as follows :—

	Rs.	a.	p.
Karáchi	6,199	0	1
Hyderabad	1,857	4	2
Shikárpur	8,355	11	9
Thar and Párkar	317	1	11
Upper Sind Frontier	103	11	2
Total ...	16,832	13	1

The largest increases occur in the Karáchi, Hyderabad and Shikárpur Districts. The increase in the Karáchi District is ascribed mainly (*a*) to the payment of a grant-in-aid of Rs. 5,500 for the new dispensary building at Kotri, (*b*) increased grant to the Mirpur Batoro Municipality, and (*c*) increased expenditure on account of cleaning jungle in several places. The increase in the Hyderabad District is due to increase in the grants made to the several dispensaries in that district, while that in the Shikárpur District is chiefly attributable to the payment of Rs. 5,000 as donation and Rs. 2,000 as contribution towards the Lady Dufferin Jubilee Hospital opened at Shikárpur on the 11th February 1893. The Collector of Shikárpur has included the cost of cholera medicines in the sub-head "Sanitation charges" under this head, but it would have been more appropriate to have shown such charges under "Miscellaneous and Unforeseen Charges" subordinate to "32 Miscellaneous." The Collector's attention has been drawn to this.

26. *XXVI.—Scientific and other minor Departments.*—The expenditure under this head amounted to Rs. 39,680-0-0 against Rs. 31,285-6-10 in the previous year, showing an increase of Rs. 8,394-9-2 as detailed below :—

	Increase. Rs.	a.	p.	Decrease. Rs.	a.	p.

Net Increase ...	8,394	9	2			

The Sind Horse Show having been held at Jacobabad during the year under report explains the increase in the Upper Sind Frontier District and the decrease in the Shikárpur District. The increase in the Karáchi and Hyderabad districts is due to the establishment of veterinary dispensaries in those districts. In the latter district the increase is also ascribed to—

(*a*) a horse and cattle show held at Nausháhro ;

(*b*) purchase of a Persian stallion ;

(*c*) increase in the expenditure on account of the garden at Kandiaro ; and

(*d*) the entertainment of establishment for collecting statistics at certain places in connection with a new scheme for the construction of a Railway north and south through the district at one end to join the North-Western Railway at Rohri, at the other to join the B. B. & C. I. by way of the Runn and Cutch. The decrease of Rs. 148-15-8 in the Thar and Párkar District has been fully explained by the Deputy Commissioner in his report.

27. *XXX.—Stationery and Printing.*—There is a net decrease of Rs. 110-0-6 under this head as compared with the preceding year.

28. *XXXII.—Miscellaneous.*—The expenditure incurred on account of establishments for travellers' bungalows, &c., during the year under report as compared with the previous year for each district separately is given in the following table :—

District.	1892-93.	1891-92.	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

		Net Increase...	403 10 2	

29. The decrease shown in the above table is trifling and calls for no remark. The increase in the Thar and Párkar District is explained as due to the entertainment of chaukidárs to look after the new musáfirkhánas built last year, while increases in the other districts are insignificant except the increase in the Hyderabad District which has not been explained by the Collector. The other increases and decreases call for no remarks. The expenditure under other petty establishments amounted to Rs. 56,320-3-7 against Rs. 48,329-9-7 in the previous year according to the details given below :—

District.	1892-93.	1891-92.	Increase.	Decrease.

		Net Increase...	7,990 10 0	

30. It will be seen from the above table that there is a net increase of Rs. 7,790-10-0 as compared with the year before. The largest increase occurs in the Karáchi District and is attributable to—

(*a*) the establishment of a new ferry steamer between Syudpur and Tanka ;

(*b*) increase in the establishment and contingencies for planting and preservation of trees ; and

(*c*) appointment of a care-taker of tanks at the Makli hills at Tatta.

The increase in the Hyderabad District is ascribed to the appointment of an overseer, while that in the Shikárpur District is due to increase in expenditure on account of contingencies. The decreases in the Thar and Párkar and Upper Sind Frontier districts are not large and have not been explained by the Deputy Commissioners of those districts.

31. The expenditure shown under miscellaneous and unforeseen charges is composed of the following items :—

	Karáchi.	Hyderabad.	Shikárpur.	Thar and Párkar.	Upper Sind Frontier.	Total.

The Collectors and Deputy Commissioners have included in the major head "Contributions" the amounts contributed to municipalities under Section 47 of the Local Boards Act, but as these contributions were made for the purposes described in Section 30 of the Act, they should not be shown under that head, and instructions to that effect were given in the accompaniment to Government Resolution No. 4686, dated 5th July 1890.

32. *XLI.—Railway.*—The sum of Rs. 500 shown under this head was spent by the Hyderabad District Board towards the opening ceremony of the Hyderabad-Umarkot Railway.

33. *XLV.—Civil Works.*—The total expenditure under this head amounted to Rs. 3,78,679-0-10 against Rs. 3,19,442-14-1, showing an increase of Rs. 59,236-2-9. The details of these figures are given in the subjoined table :—

6. Raising 3 roads.
7. One new well was sunk and repairs executed to 16 wells.
8. Ordinary repairs to buildings, roads and bridges.

Upper Sind Frontier District.

The Deputy Commissioner, Upper Sind Frontier District, states —

"The principal works undertaken by Civil Officers consist of the construction of one bridge in the Jacobabad táluka, at a cost of Rs. 495; of three Musáfirkhánas, one at Ghonspur, the other at Mahar, and the third Mulguzarkhan's village, at an aggregate cost of Rs. 2,832. Four Musáfir-landhis at Abad, Sháhpur, Gharhi Khaira, and Dilmúrad were built at an aggregate cost of Rs. 727-6-2. The roof of the staging bungalow at Dadapur was renewed, at a cost of Rs. 1,005-14-4. Two bathing-ghats were constructed in the slopes of Sonwah for the convenience of the public at a cost of Rs. 371. The sum of Rs. 1,445 was spent in the sinking of wells. The works carried out by Public Works agency consisted chiefly of bridges in the construction of which professional skill was required. Rs. 1,617-2-5 were expended in this way. In the Budget Estimate for the year Rs. 6,942-0-0 were sanctioned for works of the kind, but the amount could not be utilized wholly as sanctions for the construction of bridges were accorded very late in the year."

Contributions to Provincial.

35. Of the amount of Rs. 10,415 shown under this head, Rs. 415 were contributed by the Karáchi District Board for repairs to the Bagatora Road, and Rs. 10,000 by the Hyderabad District Board towards the construction of the Hyderabad-Umarkot Railway.

The decrease of Rs. 1,38,462 under this head is due to a sum of Rs. 1,48,000 having been contributed by the Hyderabad and Thar and Párkar District Boards towards the construction of the above Railway in the previous year.

Contribution to other Boards.

36. The sum of Rs. 2,500 shown under this head was contributed by the Shikárpur District Board towards the horse show held at Jacobabad during the year under report as stated in paragraph 20.

37. The following table shows the opening balances at the beginning of the year under report, together with receipts and expenditure incurred during the year, as also the closing balances of this year, separately for each district and for the whole province :—

District.	Opening Balance.	Receipts.	Expenditure.	Closing Balance.	Remarks.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	
Karáchi...	1,45 116 5 1	1,33,461 0 10	1,59,739 8 9	1,18,837 13 2	
Hyderabad	94,307 3 10	2,60,623 14 8	2,68,447 8 2	86,483 10 4	
Shikárpur	1,73,583 6 8	2,53,296 11 9	3,08,819 2 9	1,18,060 15 8	
Thar and Párkar	13.948 2 4	55,578 7 2	55,455 11 9	14,070 13 9	
Upper Sind Frontier	22,751 10 4	70,966 12 7	61,038 14 11	32,679 8 0	
Total ...	4,49,706 12 3	7,73,926 15 0	8,53,500 14 4	3,70,132 12 11	

38. There is a difference of Rs. 467-2-1 between the amounts of opening balance (Rs. 4,49,706-12-3) in this statement, and the closing balance (Rs. 4,49,239-10-2) in Statement 3 of the previous year, which is chiefly due to certain adjustments made in the Karáchi, Hyderabad and Upper Sind Frontier districts, subsequent to the submission of the report for 1891-92.

39. It will be seen that the balances are not excessive. They are much less than the year's revenue. It would be inexpedient to reduce these balances very much as the Boards are not allowed to over-draw their account with the Government Treasury.

40. The receipts of the Karáchi, Hyderabad and Shikárpur districts did not cover the actual expenditure incurred, and they had consequently to draw on their balances during the year under report. The discrepancy in the Karáchi and Shikárpur districts is due to a considerable falling off in the receipts on account of one-anna cess. In the latter district it is also attributable to a larger amount having been spent in connection with public works. In the Hyderabad District the income, though in excess of that in the previous year, was not sufficient to cover the expenditure, owing to a considerable amount, though less than in the previous year, having been spent on public works.

Statement IV.

41. The following table exhibits the total expenditure incurred under the different heads in the several districts of the province, for the improvement of sanitation :—

District.	Improvement of water-supply.	Improvement of village sites, &c., including removal of rank vegetation.	Conservancy of towns and villages.	Sanitary arrangements at fairs and festivals.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Karáchi	6,043 2 2	795 7 1	.....	.....	.....	6,838 9 3
Hyderabad...	5,636 1 2	.....	.....	607 14 2	.....	6,243 15 4
Shikárpur	8,972 12 10	.....	728 1 8	.....	165 0 0	9,865 14 6
Thar and Párkar	1,383 10 0	.....	.....	.....	.....	1,383 10 0
Upper Sind Frontier	2,873 0 3	.....	.....	.....	.....	2,873 0 3
Total ...	24,908 10 5	795 7 1	728 1 8	607 14 2	165 0 0	27,205 1 4

42. The amount (Rs. 24,908-10-5) spent on the improvement of water-supply in the whole province considerably exceeds that (Rs. 16,906-2-1) expended in the preceding year. As in the previous year the largest expenditure was incurred in the Shikárpur District and the smallest in the Thar and Párkar District. It is satisfactory to note that each Board is doing useful work towards the promotion of sanitation.

43. As reported last year there are no Local Fund roads in charge of Executive Engineers in this province. A copy of the Superintending Engineer's reply No. 3970, dated 21st August 1893, to the reference made to him on the subject from this office, is attached. The road returns referred to by the Superintending Engineer in Sind were submitted to Government under my endorsement No. 2915, dated 26th July 1893, Public Works Department.

44. The reports from the several Collectors and Presidents of District Local Boards in the province of Sind are also appended.

I have the honour to be,

FROM

THE COLLECTOR AND PRESIDENT,
District Board, Karáchi;

To

THE COMMISSIONER IN SIND,
Karáchi.

President's Office, Karáchi, 4th July 1893.

SIR,

I have the honour to submit my Report on the Administration of Local Boards in this district for the year 1892-93, together with the statements Nos. I to IV, and to offer the following remarks on the same.

Local Boards Administration Report for the year 1892-93.

STATEMENT No. I.

2. The population and the area of the district and the number of members of the several Boards are the same as last year.

3. The number of meetings held during the year was 41, showing an increase of 11 as compared with those held last year. The following details will show the increase and decrease in the number of meetings held by each Board as compared with 1891-92.

Name of Board.	1892-93.	1891-92.	More.	Less.
District Board	2	2	...	...
Karáchi Sakro	2	1	1	...
Tattá	2	1	1	...
Ghorábári	2	1	1	...
Sháhbandar-Jati	3	2	1	...
Sujával-Mirpur	3	1	2	...
Kotri-Mánjhand	8	7	1	...
Sehwán	2	3	...	1
Dádu	11	8	3	...
Johi	6	4	2	...
Total ...	41	30	12	1

The increase in the attendance of members is three in Sháhbandar-Jati and two in Johi, and decrease of one in each of the Táluka Boards of (1) Karáchi-Sakro, (2) Kotri-Mánjhand, (3) Sehwán, and (4) Dádu. The decrease is chiefly owing to the distance at which the members reside from the head-quarters of the Boards.

STATEMENT No. II.

5. The opening balance of the District Board (General) shown in this statement is Rs. 77,671-3-1, whereas the closing balance of the Board for the year 1891-92 was shown at Rs. 77,404-3-0. The difference between the two amounts is Rs. 267-0-1 which is explained as follows:—

(1) Rs. 267 were adjusted direct by the Accountant General to the credit of Local Funds in July 1892 on account of contributions received from several municipalities towards the Vaccination Establishment.

(2) And pie one, being the amount less adjusted on account of ferry receipts collected in the Hyderabad District.

6. *VI.—Provincial Rates, Local Rate.*—The total realizations under this head amount to Rs. 56,474-8-0, which consist of one-anna cess Rs. 54,173, and Jágir cess Rs. 2,001-8-0. The decrease in his head as compared with that of the previous year is Rs. 25,651-12-0, which is due to the following reasons :—

I.—The receipts for 1891-92 were extraordinarily high, partly because the arrears of 1890-91 were collected in that year, and partly owing to the increase in cultivation consequent on the abundant fall of rain in the cold season of 1890-91.

II.—Remissions of assessment owing to floods during the year.

7. *XVII.—Police. Receipts under Cattle Trespass Act.*—Receipts under this head amount to Rs. 1,928-8-9 against Rs. 1,880-5-0 in the previous year, showing an increase of Rs. 48-3-9, which is insignificant and needs no explanation.

8. *XIX.—Education.*—

	Rs.	a.	p.
(1) Fees in primary schools	611	5	9
(2) Miscellaneous	492	1	9

Receipts under these are nearly the same as last year.

9. *XX.—Medical.*—Annas 3 and pies 9. There have been no receipts of any importance under this head.

10. *XXI.—Scientific and other minor Departments.*—Other exhibitions and fairs, Rs. 276-10-10. Receipts under this head are about the same as last year, and are on account of stall fees at fairs.

11. *XXV.—Miscellaneous.*—Rs. 2,544-5-4. These consist of staging bungalow fees, sales of produce, fruit and other miscellaneous articles. There is an increase of Rs. 511-3-1, as compared with the previous year, which is due to increase in receipts on account of sales of produce, fruit, &c.

12. *XXXII.—Civil Works in charge of Civil Officers.* (1) *Tolls on ferries.*—Rs. 9,164-6-10. These consist of Rs. 6,287-6-3 on account of ferries in the district, Rs. 1,453-3-10 on account of Kotri-Gidu ferry up to July 1892, and Rs. 1,423-12-9 on account of Syudpur-Tanka ferry established in October 1892. The decrease under this head is Rs. 8,532-7-11, as compared with the last year, and is chiefly due to non-receipt of any income on account of the Kotri-Gidu ferry, since its transfer to the North-Western Railway in August 1892.

13. (2) *Contribution* Rs. 570-11-6, consists of Rs. 370-11-6 paid by the Karáchi Municipality, towards the construction of road to Muggur Pir *vid* Averangi Pass, and Rs. 200 paid by the Ráj Mahájan of Rádhan towards sinking a new well.

14. *Contributions from Provincial to Local.*—Rs. 50,298-2-4. These consist of the following items :—

District Board General.

	Rs.	a.	p.
(1) Fishery receipts	39,182	12	4
(2) Grant in lieu of one-anna cess on excise revenue ...	6,876	10	8

Karáchi Library and Museum	600
Building grant for the Female Training College, Hyderabad...	5,000
	11,100

Deduct Rs. 11,100 transferred to District Board Educational for payment of grants noted in the margin	11,100	0	0

District Board Educational.

	Rs.	a.	p.
(1) Grant in lieu of one-anna cess on excise revenue ...	3,438	5	4

	13,899	10	8

Táluka Boards.

	Rs.	a.	p.
Sand and quarry fees	1,439	0	8
Total ...	50,298	2	4

The difference as compared with the receipts of the past year is as follows:—

(1) *Fishery fees.*—There is a decrease of Rs. 3,749-10-11, which is due to unfavourable sale of farms.

(2) No grants for school buildings were paid by Government in 1892-93, hence the decrease of Rs. 1,983-6-10 in the Educational grant from Provincial.

(3) There is an increase of Rs. 563-3-7 in sand and quarry fees, which is owing to larger demand for stones, sand, &c.

Contributions "from other Boards".—Rs. 11,100 against District Board Educational is the amount transferred to Educational Department for payment of grants referred to above in the margin of this paragraph.

15. The incidence of taxation and that of income excluding balance per head of population is shown against each Board. The incidence of taxation on the whole district population comes to 2 annas and 1 pie per head against 3 annas and 1 pie in the previous year, and that of income (excluding balance) to 5 annas per head against 6 annas and 5 pies last year.

The reasons for decrease are chiefly:—

(1) Decrease in cess receipts as explained in paragraph 6.

(2) Non-receipt of Kotri-Gidu ferry receipts since its transfer to the North-Western Railway, as explained in paragraph 12.

(3) Decrease in Government grant to school buildings as explained in paragraph 14.

STATEMENT III.

16. *Closing balance of the last year.*—There is a difference of Rs. 267-0-1 under this head, which is owing to intimations of adjustment by the Accountant General received after the submission of last year's report and returns as has been explained in paragraph 5 of this report.

17. *18, Administration, Office Establishment.*—There is an increase of Rs. 163-14-6 under this head, which is due to leave allowances given under Article 854 of the Civil Service Regulations.

18. *Office Contingencies.*—There is an increase of Rs. 113-5-0 under this head, which is on account of some dead-stock articles purchased during the year.

19. *Payments of Establishments for Office of Accounts, Control and Audit.*—There is a slight decrease of Rs. 50-12-1 under this head, which needs no explanation.

20. *22, Education, Maintenance and Management.*—Training and Special Schools, Rs. 1,763-14-3. This is on account of the Industrial Schools at Dadu and Tatti. The increase under this head is Rs. 122-6-0.

21. *Primary Schools.*—Rs. 21,905-14-10 consist of the following items—

	Rs.	a.	p.
Teachers	21,151	15	4
Servants	590	0	0
Travelling allowance	163	15	6
	21,905	14	10

There is an increase of Rs. 3,135 under this head, which the Educational Inspector in Sind explains, is due to the appointment of a few more trained teachers and to the existing staff of some of the schools having been strengthened by additional men.

22. *Grants-in-aid.*—Rs. 21,602-0-0. The following grants were made out of this sum:—

		Rs.
(1)	Grant to Dayaram Jethmal Sind College ...	2,000
(2)	Do. Maddressah	2,000
(3)	Do. Medical School, Hyderabad ...	1,500
(4)	Do. Karáchi Library and Museum ...	600
(5)	Do. Indigenous Schools	5,244
(6)	Do. Female Training College, Hyderabad	8,000
(7)	Do. Agricultural Class at Hyderabad ...	132

(14)	Do. Mánjhand do. ...	62
	Total ...	21,602

The first four grants and Rs. 5,000 out of grant No. 6 were transferred from District Board General Funds to Educational for payment to the institutions. The increase under this head is Rs. 9,761 as follows:—

Items Nos. 1 and 2.—These grants were increased from Rs. 1,416 each in 1891-92 to Rs. 2,000 each in 1892-93, showing an increase of Rs. 1,168.

Item No. 5.—The grant was increased to Rs. 5,244 instead of Rs. 4,858 last year.

Item No. 6.—The grant (Rs. 8,000) is new. There is an increase of Rs. 215 in grants for schools to several municipalities; and a decrease of Rs. 8 in the grant to Agricultural Class.

23. *Scholarships.*—Rs. 2,337-3-8 consist of the following items:—

		Rs.	a.	p.
(1)	Stipends in the Training College, Hyderabad ...	1,349	12	3
(2)	Do. Agricultural School, Hyderabad ...	390	0	10
(3)	Do. Middle and Special Schools ...	207	0	0
(4)	Do. Technical School, Talti	390	6	7
		2,337	3	8

There is an increase of Rs. 234-7-5 under this head, which is partly due to the rate of monthly stipends in the Talti school having been raised from Rs. 3 to 4, and partly to the cost of books supplied to the students in the Training College having been debited to this head under the Accountant General's orders.

24. *Miscellaneous.*—Rs. 4,204-1-2.—There is an increase of Rs. 746-5-2 under this head, which is due to supply of new books, wall maps, &c., and to a few additional houses having been rented for schools during the year.

25. *24, Medical Hospitals and Dispensaries.*—Rs. 9,150.—The increase in this head is Rs. 5,620 over that of last year. It is due to (1) grant of Rs. 5,500 for the new dispensary building at Kotri, and (2) to increased grant to the Mirpur Batoro dispensary.

26. *Vaccination, Establishment and Charges.*—Rs. 5,042-12-6.—There is an increase of Rs. 180-9-0 in contingent expenditure.

27. *Sanitation Charges.*—Rs. 795-7-1.—There is an increase of Rs. 665-7-1 under this head as compared with the last year, which is owing to cutting jungle in several villages.

28. *26, Scientific and other Minor Departments, Veterinary charges,* Rs. 2,569-4-11.—This shows an increase of Rs. 2,064-8-11 which is owing to the student sent to the Veterinary College, Bombay, having returned after obtaining his Diploma and taken up his appointment in May 1892 at Rs. 100 per mensem according to his agreement with the District Board; and also to the establishment of the veterinary dispensary in October last.

29. *Bull and Stallion charges.*—Rs. 212-9-7.—There is a slight decrease under this head which is due to the transfer of the stallion to Jacobabad.

30. *Botanical and other Public gardens.*—Rs. 1,800.—This is the usual annual grant towards the municipal garden at Karáchi.

31. *30, Stationery and Printing.*—Rs. 507-2-11.—There is an increase of Rs. 85-10-2 under this head, which needs no explanation.

32. *32, Miscellaneous. Staging Bungalow and Serai Establishment and Charges.*—Rs. 1,260-13-9.—There is a decrease of Rs. 24-6-11 under this head which needs no explanation.

33. *Other Petty Establishment and Charges.*—Rs. 16,248-15-7.—There is an increase of Rs. 7,123-1-3 under this head as compared with the last year. It is due to (1) Establishment of a new ferry steamer between Syudpur and Tanka; (2) to increase of establishment and contingencies for planting and preservation of trees; and (3) appointment of a care-taker of tombs at Makli Hills.

34. *Miscellaneous and Unforeseen Charges.*—Rs. 1,718-7-3.—This covers the cost of medicines, &c., purchased during the prevalence of cholera in the year 1892.

The total expenditure on account of works and repairs both by Civil and Public Works agency amounted to Rs. 62,202-0-2, showing a decrease of Rs. 3,702-3-1 as compared with the last year, which is chiefly due to a lesser amount having been provided for works to be executed by the Public Works agency.

I have the honour to be,
Sir,
Your most obedient Servant,
R I. CRAWFORD,
Collector and President, District Board, Karáchi.

No. 458 of 1893-94.

LOCAL FUND DEPARTMENT.

FROM

THE COLLECTOR AND PRESIDENT,
District Local Board,
Hyderabad;

To

THE COMMISSIONER IN SIND.

Collector's Office,
Hyderabad, 21st July 1893.

SIR,

I have the honour to submit the accompanying Statements Nos. 1 to 4 embodying statistical information and to report on the administration of the Hyderabad and Táluka Local Boards for the year 1892-93.

2. The District Local Board held two meetings during the year and the executive committee of that Board held four.

A comparative statement showing the number of meetings and the average attendance is given below :—

	1891-92.		1892-93.		1892-93.			
					Increase.		Decrease.	
	No. of meetings.	Average attendance.	No. of meetings.	Average attendance.	Meetings.	Attendance.	Meetings.	Attendance.
Hyderabad District Board ...	2	18	2	13·50	...	...	...	4·50
Hyderabad Táluka Local Board.	5	8·20	6	6·66	1	...	...	1·54
Guni do. ...	8	7	7	7	...	...	1	...
Badin do. ...	7	8	12	8	5	...	...	...
Tando Bágo do. ...	6	7	9	5	3	...	...	2
Dero Mohbat do. ...	10	5	10	7	...	2	...	...
Mirpur do. ...	3	9	5	8	2	...	...	1
Tando Alahyar do. ...	5	8	4	5	...	...	1	3
Shahdádpur do. ...	6	6	5	5	...	...	1	1
Hála do. ...	6	10	4	8	...	...	2	2
Sakrand do. ...	9	9	7	6	...	...	2	3
Moro do. ...	8	8	7	7	...	...	1	1
Naushahro do. ...	8	7	5	7	...	...	3	...
Kandiáro do. ...	13	7	7	7	...	...	6	...

The decrease in attendance against the District Board is due to the absence of some members in other districts when meetings were held.

There was an increase in the number of meetings in Hyderabad Táluka and two tálukas of the Tando Sub-Division where several meetings appear to have been held in connection with road repairs.

The decrease in the tálukas of the Naushahro Sub-Division in Guni and in three of the Hála Sub-Division was owing to there being no necessity for calling frequent meetings, as the work to be done was less this year than during the previous year. The increase in Mirpur is due to new works having to be carried out and to the condition of the roads needing consideration.

The Act as administered by the Government officials seems to work well, but the non-official members do not generally take much interest in the matter.

3. The area and population of Municipal and Cantonment limits have been excluded from the figures given in columns 4 and 5 of Statement No. 1.

Statement No. II.

General	40,761	9	4
Educational	13,259	14	5

The year according to figures published in the previous report opened with a balance of Rs. 94,207-1-10 which included Rs. 2,700 on account of advances.

To this Rs. 100 paid by mistake on account of pound buildings and annas 2 local cess, which had been erroneously credited to land revenue, were added, making a total of Rs. 94,307-3-10. The net balance exclusive of Rs. 2,700 on account of advances as intimated by the Accountant General was Rs. 91,607-13-10.

The total income of the year aggregated Rs. 2,60,623-14-8 as per following details against Rs. 2,44,294-11-0 as published in the printed report:—

VI.—Provincial Rates.

Local Rate.

The total amount realized during the year under report under this head is Rs. 1,21,808-2-0 against Rs. 1,27,091-9-0.

The decrease of Rs. 5,283-7-0 is due to the fact that arrears of previous years were collected during the year 1891-92.

XVII.—Police.

Receipts under Cattle Trespass Act.

The receipts under this head amounted to Rs. 8,421-9-0 against Rs. 9,441-9-8 in the preceding year. The decrease of Rs. 1,020-0-8 is due to a smaller number of cattle having been impounded during the year under report as grass was plentiful and fewer cattle strayed into fields.

XIX.—Education.

Contributions.

These contributions were received from the undermentioned Boards for the Female Training College and the Agricultural School.

XX.—Medical.

The receipts under this head amount to Rs. 59 paid by the Municipalities of Tando Adam and Nasarpur towards the cost of vaccination establishment.

XXI.—Scientific and other Minor Departments.

The receipts when compared with those of the preceding year show a decrease of Rs. 3,034-10-11 and Rs. 729-11-2 respectively. The reason for the decrease is that unprecedented floods occurred in August last and the farm and garden were under water for some time.

	Rs.	a.	p.
Garden Receipts ...	1,107	2	1
Farm	1,952	4	9

Great damage was done and consequently a considerable outlay is necessary to get them into order again.

As regards the farm it was first resolved by the District Local Board that it should be handed over to Government, but on reconsideration it was decided to retain it.

Efforts are being made to make it self-supporting.

Veterinary Receipts.

Rs. 300 were contributed by the Hyderabad Municipality towards the maintenance of the Veterinary Dispensary.

Other Exhibitions and Fairs.

The receipts realized under this head were on account of stall fees collected at fairs held in the district.

There is an increase of Rs. 260-4-0 as compared with those of the preceding year, which is due to a larger number of stalls having been occupied during the year under report.

XXV.—Miscellaneous—Rs. 654-4-6.

The above amount consists of the following items :—

	Rs.	a.	p.
Refund of pay to the Collector's establishment	308	11	5

XXXII.—Civil Works in charge of Civil Officers. Tolls on Ferries. Ferries—Rs. 8,039-2-6.

This item is chiefly composed of Rs. 7,712-10-3 on account of ferry expenses refunded to Local Funds. This amount was first debited to Local Fund, but it was decided by the Accountant General that such expense should be charged to Provincial. Under this head there is a decrease of Rs. 6,718-14-2 as compared with the preceding year's net receipts, which amounted to Rs. 14,758-0-8.

A ferry was first started between Gopang and Hála, but owing to a change in the course of the river it was transferred to Phulji where also a similar difficulty presented itself, and it was decided therefore on the recommendation of Mr. Kadirdad Khan to give it up. This was reported to you in this office No. 1223, dated 11th February 1893.

(2). Rs. 2,100. This is on account of half share of the cost of repairs to the two landing stages and one steamer *Kathleen* paid to the Railway Department by the Hyderabad District Board; the other half being debited to the Karáchi District Board.

(3). Rs. 625. This is on account of bonus paid to Mr. Bayliss, late Superintendent, Gidu Ferry, by the Hyderabad District Board, the same amount being borne by the Karáchi Board.

(4). Non-receipt from the Railway Department of net half earnings assignable to both the District Boards of Karáchi and Hyderabad for the half-year ending 31st March 1893.

The management and working of the steamer between Kotri and Gidu was handed over to the Railway Department on the 1st August 1892.

When the plant was made over to the Railway Department, it was provided in the valuation statement that only Rs. 4,200 would be necessary for the repairs of two landing stages and steamer *Kathleen*. This amount was paid in December last on the requisition of the Railway Department.

But it appears from the correspondence which has taken place in the matter that they consider this amount insufficient and demand a much larger sum.

Contribution from Provincial to Local.

	92,518	4	4

Contribution from other Boards.

The sum of Rs. 9,386-4-2 is made up of the items noted in the margin, and was rendered necessary to make good deficit in the tálukas where expenditure was incurred in excess of their receipts by the transfer of an equal amount from the funds at the disposal of the District Board General.

	Rs.	a.	p.
Dero Mohbat ...	266	8	0
Mirpur	1,536	6	10
Tando Alahyar ...	6,852	9	2
Kandiáro	730	12	2

These items have been shown in the annual accounts sent to the Accountant General by plus and minus entries.

The total expenditure was Rs. 2,69,647-8-2 against Rs. 3,50,001-9-9 instead of Rs. 3,50,201-9-9 as shown in the printed report. The difference is due to adjustment made in the Accountant General's office in correction of errors. The decrease is due to the fact that a contribution of Rs. 1,40,000 was made to the Hyderabad-Umarkot Railway during 1891-92.

Statement No. III.

	Rs.	a.	p.

18.—Administration.

	Rs.	a.	p.
Collector's office establishment	3,778	0	11
Commissioner, Educational Inspectors, and Accountant General's office establishment	1,520	3	2

There is a nominal increase of Rs. 294-5-6 under the first head as compared with the outlay incurred in the preceding year. The reason is that before the receipt of the usual intimation from the Accountant General to credit the contribution on account of establishment charges to Provincial, the pay of the Local Fund establishment for March 1892 was disbursed in April and debited to Local Fund. This amount was subsequently credited to Local Funds under the orders of that officer.

22.—Education.

Maintenance and management. Training and Special Schools.

The outlay incurred under this head is composed of the following items, and when compared with the preceding year's expenditure (Rs. 7,064-10-5) there is an increase of Rs. 982-2-2. This is due to the opening of a Tailoring Class at Shahdádpur and to the appointment of a Sewing Mistress and also to purchase of furniture :—

24—Medical.

Hospital and Dispensaries.

There is an increase of Rs. 2,982-1-10, which is due to grants having been increased to the following dispensaries :—

Other Fairs and Exhibitions.—Rs. 2,607-14-2.

There is an increase of Rs. 2,079-9-8, as compared with the preceding year, which is due to the fact that a Horse and Cattle Show was held at Nausháhro at a cost of Rs. 2,000, and the result was reported to you in this office No. 1310, dated 9th March 1893.

The attendance was good and the show was a success.

There were 564 animals exhibited in 15 classes and 123 reserved prizes, amounting to Rs. 1,750.

A sum of Rs. 607-14-2 was spent on sanitary arrangements at fairs.

Veterinary Charges.—Rs. 1,419-10-3.

The services of a Veterinary Graduate have been entertained since 1st June 1892. He has been out several times into the district in connection with out-breaks of cattle disease.

A Veterinary Dispensary has been opened at Hyderabad as reported to you in this office No. 347, dated 24th June last.

Bull and Stallion Charges.—Rs. 984-2-8.

There is an increase of Rs. 294 due to the purchase of a Persian stallion.

There are five stallions in this district, *viz.* three horse and two donkey stallions. They do not seem to be as much appreciated by the people as they should be, but it is hoped that there will be an improvement in this respect.

New Wells and Tanks.—Rs. 3,594-1-0.

Nine new wells and tanks costing over Rs. 200 each were sunk by the Táluka Local Boards.

The sum included Rs. 200 on account of two of Taylor's improved water-lifts which were purchased and were put up in the gardens at Kandiaro and Naushahro. The result of their working, as already reported in this office No. 1282, dated 25th February 1893, was that in the opinion of Mr. Kadirdad Khan they were not successful. But it may be mentioned that the Executive Engineer, Hyderabad Buildings, has one of these lifts on the Fuleli which is working very satisfactorily.

One bullock raises more water than the Sindhi wheel does with two. A lift is also going to be tried in the Local Fund garden at Hyderabad.

I have the honour to be,
Sir,
Your most obedient Servant,
H. E. WATSON,
Collector and President, District Local Board,
Hyderabad.

No. 335 of 1893-94.

Local Fund Department.

From

R. GILES, Esquire, M.A.,
Collector of Shikárpur;

To

H. E. M. JAMES, Esquire, I.C.S.,
Commissioner in Sind.

Collector's Office, Sukkur,
8th August 1893.

Sir,

I have the honour to submit the Annual Report on the Administration of the District and 14 Táluka Local Boards of this district for the year ending 31st March 1893, together with the four statements marginally noted.

I—Constitution.
II—Income.
III—Expenditure.
IV—Sanitation.

I.—Constitution.

The District Board consists of 18 nominated and 17 elected members, but I find that the appointment of a member who is elected by the inámdárs has been vacant, since the present Board commenced their term on the 1st May 1891. I have taken steps for an election to be held immediately.

During the year under report two members died, *viz.* Ráo Sáheb Govindbaksh Awatrai, who represented the Sukkur Municipality, and Khán Sáheb Amir Baksh, who represented the Táluka Local Board of Rátodera. Ráo Sáheb Pessumal Zaunkiram succeeded the former and Khán Saheb Alamkhan Syudkhan the latter.

On Táluka Local Board there were 198 members, of whom 99 were nominated and 102 elected.

The business of these Boards is conducted in accordance with regulations framed under clause (*a*) of Section 32 of the Bombay Local Boards Act I of 1884.

There is an Executive Committee of the District Board and a Works Committee for every Táluka Board. The work of the different Boards is chiefly carried on by official agency. The non-official members attend the different meetings, but do not do much more than acquiesce in the proposals placed before them.

The figures of area and population remain unchanged.

The District Board held two half-yearly meetings during the year. The provisions of Section 34 of the Act were also availed of on three occasions for the circulation of propositions among members of the District Board. The Executive Committee met two times during the year and many applications for re-appropriation of funds were circulated amongst the members for approval.

The meetings of the Táluka Boards appear to have been sufficiently perfect.

II.—Income.

I—Land Revenue.

Sale-proceeds of trees and grass:—

	Rs.	a.	p.
1892-93	2,925	6	3
1891-92	1,066	5	0
Increase ...	1,859	1	3

As the work of tree plantations increases and the trees grow up the revenue derived from the sale of dead timber and loppings of trees naturally increases. The District Board annually spends from Rs. 25,000 to Rs. 26,000 on the preservation and plantation of trees—a very large sum, but not one that can be reduced suddenly.

VI.—Provincial Rates.

Local rate in :—

	Rs.	a.	p.
1892-93	1,76,880	10	8
1891-92	2,00,968	11	0
Decrease ...	24,088	0	4

This decrease is simply nominal and due to the fact that during the year under report the amount of 5 per cent. on account of jágbir cess was not levied owing to correspondence regarding the method of assessing it.

XVII.—Police.

Receipts under the Cattle Trespass Act in :—

	Rs.	a.	p.
1892-93	9,345	11	6
1891-92	9,774	15	5
Decrease ...	429	3	11

This decrease is due to increased expenditure having been incurred on account of three new pounds having been opened during the year under reports, *viz.*, (1) at Dokri, (2) Gáji Khuháwar, (3) Hakra Nowshara Táluka. Local Funds are credited with surplus receipts under this head. All charges on account of establishment, repairs, and construction of pounds are deducted from the gross receipts and the surplus made over.

XIX.—Education.

	Rs.	a.	p.
School fees, 1892-93	376	9	6
Primary schools, 1891-92	484	6	0
	107	12	6

There is a decrease of Rs. 107-12-6 under this head, as compared with the receipts of the previous year, due to the fact that school fees were abolished in several schools during the year under report.

Under the head Miscellaneous there is an increase of Rs. 337-12-6 as follows:—

	Rs.	a.	p.
1892-93	362	11	6
1891-92	24	15	0
Increase ...	337	12	6

This item includes a sum of Rs. 8 received on account of middle and special school examination fees, as also a sum of Rs. 345-14-0 refunded by certain scholars of the Training College, Hyderabad, for not keeping up the terms of their agreement with the principal.

XX.—Medical.

	Rs.	a.	p.
(*a*) Contributions	68	0	0
(*b*) Other receipts	1	5	8

These represent (*a*) municipal contribution towards the cost of vaccination and (*b*) the sale-proceeds of unserviceable articles of Local Fund vaccinators only.

XXI.—Scientific and other Minor Departments.

Botanical and other Public Garden receipts for:—

	Rs.	a.	p.
1892-93	2,208	4	2
1891-92	2,117	2	4
Increase ...	91	1	10

This increase is insignificant and calls for no remark.

XXV.—Miscellaneous.

Sale of old stores and materials:—

	Rs.	a.	p.
1892-93	458	14	3
1891-92	383	7	1
Increase ...	75	7	2

Needs no explanation.

Staging Bungalow Receipts.

	Rs.	a.	p.
1892-93	550	4	0
1891-92	607	4	0
Decrease ...	57	0	0

The Táluka Local Boards in this district have agreed to make over all bungalows at táluka head-quarters to Government.

"Other Receipts."

	Rs.	a.	p.
1892-93	314	9	1
1891-92	522	9	11
Decrease ...	208	0	10

This is a fluctuating receipt.

XXXII.—Civil Works.

In charge of Civil Officers, tolls on ferries in:—

	Rs.	a.	p.
1892-93	5,194	6	4
1891-92	9,189	6	10
Decrease ...	3,995	0	6

This decrease is due to the fact that owing to the prevalence of cholera in Sukkur and its surroundings, and owing to His Highness the Amir of Khairpur

having closed all communication with infected villages the number of passengers using the steam ferry at Sukkur was much less than in the previous year. The steam ferry was also closed to the public from the 14th September to 7th November 1892, owing to one steamer being under repairs and one lent to the Hyderabad District.

No. 2381 of 8th June 1892. No. 412 of 20th February 1893.

Proposals for revising the ferry tolls were submitted by me and approved of by you experimentally, *vide* communications marginally noted.

2. The Government grant on account of building schools was less by Rs. 2,585-8-0 than the year 1891-92.

3. The Government grant towards the Sind Horse Show, which was received in this district in 1891-92, was transferred to Jacobabad in 1892-93 as the show was held there.

Debt.

The Ratodera Táluka Local Board had a debit balance of Rs. 1,112-12-7 at the close of the year, and under instructions from the Accountant General, Bombay, contained in his letter No. L. which has been fully accounted for in the details above given.

The incidence of taxation per head of population is 5 pies less than the previous year. This decrease is due to a decrease in the amount of income received during the year.

III.—Expenditure.

The expenditure of the several Local Boards amounted in 1892-93 to Rs. 3,09,419-2-9 against Rs. 2,58,001-1-7 as shown in the previous year as per details in Statement III.

LOCAL FUND DEPARTMENT.

FROM

THE DEPUTY COMMISSIONER,

Thar and Párkar;

To

THE COMMISSIONER IN SIND.

Deputy Commissioner's Office,
Hyderabad, dated 13th July 1893.

Sir,

I.—Constitution.
II.—Income.
III.—Expenditure.
IV.—Sanitation.

I have the honour to submit the Annual Report on the Administration of the Local Boards of this district for the year ending 31st March 1893, together with the four statements marginally noted.

STATEMENT I.

Constitution.

2. The District and Táluka Boards were constituted under Government Resolution No. 1293, dated 12th February 1885, as modified by Government Resolution No. 4389, dated 29th June 1891.

The total area within the limits of the District Board is 12,725 square miles as shewn last year, but the area of the various tálukas given in previous reports has been modified in accordance with the revised figures furnished by the Superintendent, Sind Revenue Survey.

3. From the figures in columns 4 and 5 of this statement the area and population of the municipal towns of Umarkot and Mitti have been omitted.

4. The total number of members constituting the several boards has been the same as last year, *viz.* 48, of which 46 are nominated and 2 elected. Owing to the comparatively backward condition of the people of this district the elective franchise has not been introduced but the Municipalities of Umarkot and Mitti each return one member. The number of the meetings held during the year is 59 as in the previous year.

5. The business of the Board is practically carried on by the official members. The non-official members take comparatively little interest in their duties but content themselves generally with attending the meetings and agreeing to the proposals brought forward by the official members. The official members have discharged their duties satisfactorily.

6. Except in the case of Sanghar and the Thar and Párkar Boards the required number of meetings has been held, the amount of money at the disposal of the Boards named, however, was very small and circumstances did not call for more meetings being convened than those actually held. The provisions of Section 34 of the Act were furthermore availed of on twenty-three occasions for the circulation of propositions among members of the District Board.

7. The inadequate attendance of members at the Chachra and Párkar Boards is to be accounted for in a measure by the fact that some of the members reside at long distances from the head-quarter station.

STATEMENT II.

Income.

8. The total closing balance of last year is Rs. 13,948-2-4 as previously shown, but a difference of Rs 1,500 will be found in the amount of the Sanghar balance and in that of the District Board, as in order to meet the cost of the construction of the District Local Board road along the bank of Mithrao Canal it became necessary to transfer Rs. 1,500 from the Sanghar to the District Board balance. This amount will be replaced to the credit of the Sanghar Board next year or as soon as funds may become available.

IV.—Provincial Rates.

9. As compared with the last year's figures under "Local Rate" there is an increase of Rs. 4,720-3-0 due to the realization of the one-anna cess in desert tálukas, the collection of which had been postponed owing to the failure of crops in 1891-92.

XII.—Interest.

10. The sum of Rs. 817-15-2 is on account of the interest on closing balances of certain minor Municipalities which have been abolished. The balances were invested in Government paper and the interest is annually credited to Local Funds in consideration of which the Local Board have undertaken to maintain certain institutions. The decrease of Rs. 271-2-6 is due to an advance received during 1891-92 as interest at ½ per cent. from the 15th September 1890 to 14th September 1893, on Government Promissory Notes of the value of Rs. 12,000 transferred from 4½ of 1879 to 4 per cent. of 1854-55.

XVII.—Police.

Receipts under Cattle Trespass Act.

11. The receipts under this head represent the net profit of the Pounds in non-municipal towns. The decrease of Rs. 91-9-0 under this head is insignificant and is due to the variations of the seasons.

XIX.—Education.

12. The sum of one rupee shown under "School Fees" is on account of an examination fee levied under the middle and special school scholarship rules. Fixed school fees are not levied in any of the Local Board schools in the district and the amount of Rs 287-3-1 shown under Miscellaneous is made up as follows:—

		Rs.	a.	p.
1.	Recovery of pay drawn in excess by school-masters ...	27	10	8
2.	Unexpended portion of house-rent refunded by the Educational Inspector in Sind	9	0	0
3.	Furniture supplied to the Female Normal School, Hyderabad erroneously debited to the Thar and Párkar Educational Fund instead of to Hyderabad and subsequently refunded	44	12	0
4.	Amount of grant due to the Indigenous School at Taloshah in Mirppur Khás Táluka erroneously debited to the Thar and Párkar District instead of to Hyderabad and subsequently refunded	15	0	0

6.	Unexpended balance for making additions and alterations to Samaro School	20	4	8
7.	Sale-proceeds of books	1	8	9
		287	3	1

		Rs.	a.	p.
1.	Umarkot	23	0	0
2.	Mitti	43	0	0
		66	0	0

The sum of Re. 1-9-0 under "Other receipts" is on account of unexpended balance of pay of vaccinator's peon at Nagar.

XXI.—Scientific and other Minor Departments.

14. There is a decrease of Rs. 142-14-6 under garden receipts arising from the partial failure in the fruit crop. Rs. 302-2-3 shown under "Experimental cultivation" represents the sum realized on account of the price of wheat seed advanced to Khán Bahádur Wali Mahomed Khan from Local Funds. The seed was originally purchased at the cost of the Local Funds and distributed among the Zamindárs for cultivation as an experimental measure on the condition that after the harvest they were to return an equal quantity of the seed from the crops raised. Khán Bahádur Wali Mahomed Khan having died his estate paid the price of the seed so advanced.

XXV.—Miscellaneous.

15. The "Serai fees" are rents paid by Government servants for occupying quarters built by Local Funds and also the rent of a market at Nagar Párkar. The amount of Rs. 452-13-10 under "Other items" is made up as follows:—

		Rs.	a.	p.

	Total ... Rs.	452	13	10

XXXII.—Civil Works.

16. The sum of Rs. 150 represents the contribution paid by Punn Junejo, Zemindár of Sanghar Táluka for constructing a bridge on his Kariah crossing the road from Ballhore to Sanghar.

Contribution.

17. The total Rs. 4,227-7-0 under contribution from Provincial to Local is made up as follows:—

5.	Sand and quarry fees	1,056	0	0
6.	Fishery fees	220	0	0
	Rs.	4,227	7	0

As compared with the last year's figures there is a decrease of Rs. 1,525-2-6 under this head which is owing to the construction of fewer school-houses than in 1891-92.

STATEMENT III.

Expenditure.

18. The sum of Rs. 2,271-15-10 under "18, Administration", comprises pay and batta to the establishment entertained in the office of the Deputy Commissioner as well as the salary of the Local Fund overseer which is shown under this head in accordance with the instructions given in Government Resolution No. 5325 of 29th July 1890. As compared with the last year's figures there is an increase of Rs. 153-10-10 due to the appointment of an overseer from the 19th December 1892. There is an increase of Rs. 65-10-4 under "Office contingencies" during the year under report which is due to the purchase of cholera medicines during the prevalence of the epidemic which continued during the period under report. A grant to the Madressah building and a contribution on account of the pay of the "Dai" learning midwifery at Hyderabad were given during 1891-92, while during the year under report such charges were not incurred, hence the decrease of Rs. 535-14-9 under this head.

21. Under "Scholarships" the sum of Rs. 849-6-8 represents the pay of students sent to the Hyderabad Training College and of the women sent to the Midwifery School at Hyderabad and on account of scholarships in Primary Schools. The sum of Rs. 2,249-12-0 under "Miscellaneous" is composed of the following items:—

		Rs.	a.	p.
1.	Travelling allowance	111	7	1
2.	Rent	86	7	0
3.	Cost of books	303	5	2

2.	Samaro do.	60
3.	Chachra	60
4.	Dipla	30
		230

26.—Scientific and other Minor Departments.

23. The sum of Rs. 19-12-0 under experimental cultivation is on account of the conveyance charges of the wheat seed purchased for distribution to the zamindárs. As compared with the last year's figures there is a decrease of Rs. 180-2-0 under this head as no wheat seed was purchased from Local Fund during the year under report, since a large quantity was supplied to zamindárs by Government, *vide* their Resolution No. 8249 of 18th October 1892, Revenue Department. The sum of Rs. 107 shown under head "Other Exhibitions or Fairs" is the share borne by the district of the cost of the Hyderabad-Umarkot Railway opening ceremony. As compared with the last year's figures there is a decrease of Rs. 75-13-8 under the head "Bull and Stallion charges" arising in consequence of the former stallion having been sold on the 31st December 1892 owing to its having become too old for further service. An English thorough-bred stallion "Opal" has since arrived at Umarkot and promises to be more popular than the Arab which has been disposed of. The stallion arrived in the middle of May and has already covered 13 mares, whereas the former stallion had only covered 32 in the 12 months preceding its sale.

32.—Miscellaneous.

24. The sum of Rs. 695-3-3 is on account of pay to watchmen employed at dharmsálas and Rs. 4,392-15-1 under "Other petty establishment" represents the expenditure on road-side trees and for the maintenance of two boats at the 18th and 24th miles of the Mithrau Canal. There were originally wooden bridges at these places, but it was found necessary to remove them as they obstructed the flow of water and would not admit of the passage of boats. In lieu of these two bridges ferry boats have been provided at these places. The boats were supplied by the Public Works Department and the working expenses are met from Local Funds. The sum of Rs. 106-8-0 shown under the head "Miscellaneous and unforeseen charges" is on account of the cost of land purchased at the Shadipalli Railway terminus for village purposes.

45.—Civil Works in charge of Civil Officers.

25. The sum of Rs. 15,058-2-1 has been spent on the lines of communication and buildings detailed below:—

		Rs.	a.	p.
1.	Constructing 4 iron bridges with masonry abutments on road from Shadipalli village to Akri	998	6	0

		Rs.	a.	p.
1.	Contribution towards the construction of the road along the bank of Mithrau Canal to facilitate communication with the line of rail	8,755	8	6
2.	Completing the dharamsála at Shadipalli Station ...	48	15	7
3.	Constructing the Local Fund road along the bank of Thar Canal	90	6	2
4.	Repairs to the dharamsála at Golari	78	7	2
		8,973	5	5

The total expenditure on works carried out by the Civil and Public Works agency during 1892-93 amounts to Rs. 24,031-7-6 against Rs. 24,420-15-11 in 1891-92, showing a decrease of Rs. 389-8-5.

STATEMENT IV.

Sanitation.

27. In the year under report one well was sunk and 16 wells repaired. The reason why drainage works and sanitary improvements on a large scale are less needed in this district than elsewhere will be found stated in Sir Charles Pritchard's memo. to Government, No. 1133, dated the 14th September 1888.

28. The various members of the Local Fund establishment have discharged their duties efficiently and the Accountant Mr. Ganshamdas continues to maintain the reputation which has gained for him the approbation of successive Deputy Commissioners.

I have the honour to be,

Sir,

Your most obedient Servant,

C. E. S. STEELE,

Deputy Commissioner, Thar and Párkar.

No. 273 OF 1893-94.

LOCAL FUND DEPARTMENT.

FROM

R. P. BARROW, ESQUIRE, C. S.,

Acting Deputy Commissioner,

Upper Sind Frontier;

To

H. E. M. JAMES, ESQUIRE, C.S.,

Commissioner in Sind.

Deputy Commissioner's Office,
Jacobabad, 9th June 1893.

SIR,

I have the honour to submit the Annual Administration Report on the working of the Local Boards in the Upper Sind Frontier District for the year 1892-93, together with the Statistical Tables I to IV in the form prescribed by the Government of India notified under Government Resolution No. 779 of 30th January 1890.

2. The instructions contained in Government Resolutions Nos. 468 and 3847, dated the 5th July 1890 and 5th June 1891, respectively, have been duly attended to.

3. Statement No. 1 gives the strength of each Local Board, the number of meetings held and the average attendance at each. With regard to the constitution of the Boards, it should be mentioned that the extension of the elective franchise to this district was not considered expedient owing to its comparatively backward condition; the Boards were therefore constituted under the conditions contained in Government Resolution No. 9547 of 3rd December

1884. In terms of the Notification so issued the Jacobabad Municipality elects a representative from among its members, and in the other táluka head-quarter towns the Panchayats return a member; for the rest the Boards consist *ex-officio* and nominated members.

4. The difference in the area now shown as compared with that given last year is 29·37 square miles, and is owing to the fact that an area transferred from the Punjab in 1865 was incorrectly taken as 262 59 miles, whereas the correct area ascertained by the Surveyor in charge No. 1 Party, Punjab Survey, was 232·64, and this area was deducted before, instead of the whole area, 262 square miles, which had been previously accepted as correct. In addition to this 0·51 square mile was found in excess and ·50 square mile in deficit on correction of survey registers.

The population figures show an increase of 429 against those of the previous year, as these new figures are the correct figures communicated by the Provincial Superintendent, whereas last year rough totals made up from the enumeration books by Charge Superintendents were given.

5. The number of meetings held appears to have been sufficient except in Jacobabad and Kashmor where the number of meetings held was less than that held during the previous year. The District Local Board complied with the provisions of the rule regarding the holding of half-yearly meetings. The provisions of Section 34 of the Act which allow of the circulation of propositions amongst members of the District Local Board were taken advantage of on sixteen occasions.

6. Having only very recently assumed charge of the district I have had very little opportunity of gauging the usefulness of members of the Boards. Judging, however, from the one meeting which I have attended, I conclude that the whole of the work is done by the official members; the non-official members take care to attend the meetings and to agree unhesitatingly to such propositions as are placed before them. In this way the business of the Board is got through without any difficulty and with satisfaction to all parties. I do not yet feel qualified to express any opinion as to the official members.

STATEMENT II.

7. A comparison of the closing balances of the District Local Board General in the statement and in Statement III of the past year's report shows an increase of Rs. 100 due to the subsequent adjustment to the credit of Local Funds of the amount credited to "Provincial" at the Shikárpur Treasury on account of contribution by the Jacobabad Municipality for vaccination work performed within the municipal limits by Local Fund Vaccinators.

8. The headings in this statement are so comprehensive that little seems called for in the way of comment. It may be explained, however, that the sum of Rs. 52 shown under "Veterinary Receipts" represents the share received on account of the hire of the Government donkey stallions working at the municipal well in Jacobabad as compared with the figures of the last year; the decrease is only annas 15-4 which is so insignificant that it calls for no explanation.

9. The sum of Rs. 18,292-4-5 shown under contributions is composed of the following items:—

	Rs.	a.	p.
Government grant on account of the Provincial roads ...	3,429	0	0
Do. do. in lieu of one-anna cess on excise revenue	1,732	0	0
Do. do. to schools	7,156	0	0
Do. do. school buildings	122	13	5
Do. do. fishery receipts	1,331	3	0
Do. do. sand and quarry recipts ...	21	4	0
Do. do. for horse show	2,000	0	0
Grant by the Shikárpur District Local Board towards the Sind horse show	2,500	0	0
Total ...	18,292	4	5

An increase of Rs. 8,217-15-5 is noticeable under this head as compared with the figures of the previous year, which is mainly due to the grant of Rs. 4,500 from Government and the Shikárpur District Local Board on account of the annual horse show having been held at Jacobabad during the year and to the additional grant of Rs. 5,598 to schools from Provincial Revenue in terms of Government Resolution No. 479 of 4th March 1892. The sums of Rs. 1,000 and Rs. 353-5-0 contributed by the Jacobabad Cantonments on account of repairs to roads and private persons for construction of water-courses and wells have been shown in the sub-head "Contributions" under "32 Civil works" instead of items of this nature which last year amounted to Rs. 1,805 and were shown under the head "Contributions."

10. The income of the year from all sources was Rs. 70,966-12-7 as against Rs. 46,623-5-5 in the preceding year which when added the closing balance of the last year (Rs. 22,751-10-4) gave a total of Rs. 93,718-6-11.

11. The sum of Rs. 209-13-11 appearing under "Sale-proceeds of trees, grass" subordinate to "I—Land Revenue" represents the sale-proceeds of lopping of the road-side trees, babul pods and of dead timber. As compared with the figures of the last year the decrease is one of Rs. 26-5-1, which is insignificant and needs no explanation.

VI.—Provincial Rates.

12. The revenue shown under this head is the net proceeds of the one-anna cess levied under the Sind Local Fund Act, 1865, and amounted to Rs. 48,650-5-0 as compared with Rs. 34,177-2-0 during 1891-92, showing a large increase of Rs. 14,473-3-0, which was caused by an increase in cultivation over the preceding year when crops were destroyed by locusts and remission of assessment and Local Fund cess to large amounts were granted.

Police.

13. The receipts under this head represent the net profits of the pounds in non-municipal towns. There is a decrease of Rs. 407-12-11 as compared with the figures of the last year. The reason is that fewer cattle were seized.

14. The income on "Tolls on ferries" subordinate to "XXXII—Civil Works" amounted to Rs. 828-8-0 as contrasted with Rs. 492-8-0 during the preceding year. The increase is due to larger realization from tolls on ferries.

15. The sum of Rs. 226-13-11 appearing under "Other items" subordinate to "25. Miscellaneous" is composed of the following items:—

	Rs.	a.	p.
Recovery of batta received by a school-master for attending a Judicial Court ...	4	2	0
Do. do. Local Fund Malhi ...	0	4	0
Refund on account of pay of Local Fund Road establishment employed at the horse show ground	222	7	11
Total ...	226	13	11

16. The incidence of taxation and that of income per head of population is shown against each Board. The incidence of taxation on the whole district population is 4 annas and 10 pies per head, and the incidence on income (excluding opening balance) is 7 annas. This shows an increase of 1 anna and 5 pies in the former and 2 annas and 5 pies in the latter as contrasted with the preceding year. The increase under this head is attributed to large increase under "Local rate."

STATEMENT No. III.

17. The following details are explanatory of such of the items in Statement III as stand in need of further elucidation:—

26.—Scientific and other Minor Departments.

22. Under the head "Horse fairs" the expenditure was as follows:—

This is due to the fact that during the year under report the show was held at Jacobabad.

	Bull and Stallion charges.		
	Rs.	a.	p.
1891-92	2,017	13	0
1892-93	2,045	9	11

There is a slight increase of Rs. 27-12-11 which calls for no explanation.

23. The figures under this head represent, it may be noted, $\frac{1}{3}$th of the expenditure incurred on the feed and keep of the horse and donkey stallions in this district,—an exception in the proportion of the charges sanctioned by Government in terms of their Resolution No. 4,613, dated the 11th July 1888. In all 8 horses, 1 pony and 6 donkey stallions are maintained and their services are fully utilized.

Under "Printing" the expenditure during the year under report is more than in previous year :—

Other Petty Establishment charges.

		Rs.	a.	p.
1891-92	...	2,354	14	6
1892-93	...	2,242	14	3
Decrease	...	112	0	3

Under this head is entered the cost of road-side trees establishment and other expenditure incurred in connection with tree planting.

45.—Civil Works.

Original Works.

24. The principal works undertaken by civil officers consist of the construction of one bridge in the Jacobabad Táluka at a cost of Rs. 495; of three musáfirkhánas, one at Ghonspur, the other at Mahár and the third at Mulguzar Khans' village at an aggregate cost of Rs. 2,832. Four musáfir landhis at Abad, Shahpur, Garhi Khairra and Dilmurád were built at an aggregate cost of Rs. 727-6-2.

The roof of the staging bungalow at Dadapur was renewed at a cost of Rs. 1,005-14-4. Two bathing ghâts were constructed in the slopes of the Sonewah for the convenience of the public at a cost of Rs. 371. The sum of Rs. 1,445 was spent in the sinking of wells.

25. The staging bungalows and seráis, which have been included under civil buildings, have been provided for by the different Boards wherever they were required and are a great boon to the public travelling in hot as well as in cold weather,

26. The works carried out by Public Works agency consisted chiefly of bridges in the construction of which professional skill was required. Rs. 1,617-2-5 were expended in this way. In the Budget Estimate for the year Rs. 6,942 were sanctioned for works of the kind, but the amount could not be utilized wholly as sanctions for the construction of bridges were accorded very late in the year.

27. The total expenditure on civil works amounted to Rs. 25,762-15-9 as against Rs. 18,191-0-10, showing an increase of Rs. 7,571-14-11.

28. Last year Rs. 1,000 were shown under column "Contribution to other Boards" whereas during the year under report only Rs. 20-4-0 have been shown. This is due to the fact that in 1891-92 a contribution of Rs. 1,000 was made to the Shikárpur District Board towards the expenses of the horse show held there.

29. The entire expenditure of the year was Rs. 61,038-14-11 as against Rs. 50,194-0-8 last year, leaving a balance of Rs. 32,679-8-0 at the close of the year.

STATEMENT IV.

30. This statement shows the number and cost of new tanks and wells dug or sunk and other sources of water-supply repaired by each Board and requires no comment.

31. The Local Fund Accountant Mr. Narayansing has given me entire satisfaction and great assistance during the short time I have been in the district.

I have the honour to be,

Sir,

Your most obedient servant,

R. P. BARROW,

Acting Deputy Commissioner, Upper Sind [redacted]tier.

1	Navalgund-Annigeri Road	11½	1,10,226	Metalled throughout and in good order. Three unbridged streams sometimes give a little trouble.
2	Navalgund-Ron Road	28	1,49,007	A fair-weather road only, unbridged as to the large streams and muramed for only 20 miles.
3	Másur-Mundergi Road	47	32,248	A fair-weather road, misnamed. From Masur to Guthal the road is made or being made. North of Guthal towards Mundergi, a distance of 25 miles there is no road at all, nor is a road likely to be made for many years. Just outside Mundergi the road is made for 7 miles only in the direction of Guthal.
4	Pála-Bádámi Road	78	1,45,600	This also is a too ambitiously named road. From Pala to Bankápur (19 miles) it is a good muram road bridged throughout. From Bankápur to Yalvigi (14 miles) the road is bridged and metalled in the portions within British Territory, but there are bad breaks in the Native State of Sávanur, Miraj Junior. From Yalvigi the road is through Native States for a length of 15 miles and is fair in places and indifferent in others. Near Mulgund where British Territory is again entered there is a break of 7 miles of unmade road to Harti. From Harti to the Bádámi frontier (37 miles) the road is fair but unbridged and heavy in the rains. During the year 1891-92 the improvements sanctioned by the District Board in 1887 for the portion between Gadag and Kotmachgi (14 miles) were completed, but there is much room still for improvements. The work done so far is all good consisting of laying a muram surface and making up the nála crossings with proper approaches and metalled road-way.
5	Tadas-Gundi Road	34½	Not known.	A fair-weather road mostly unbridged.
6	Harihar-Samasgi Road	51¼	Do. ...	A fair-weather road metalled in places.
7	Byadgi Havasbhavi Road	10⅜	24,690	Do. do.
8	Dhárwár Tadas Road	29¼	37,138	A fair muram road bridged throughout.
9	Do. Haliyál Road	17-556 ft.	21,980	A metalled road bridged and drained; in fair order.
10	Do. Saundatti Road	13-1,425 ft.	29,825	Partially metalled, but unbridged.

Letter from the Under Secretary to the Government of India, Home Department (Local Boards), No. 6, dated 19th March 1894.
Letter from the Under Secretary to the Government of India, Home Department (Local Boards), No. 9, dated 30th May 1894.

RESOLUTION.—No change was made in the constitution of the Local Boards during the year, and no further extension of the franchise has been recommended. The average attendance of members generally was much the same as in the preceding year. The statement of the Commissioner, S. D., that there was a decided improvement in his Division, is not borne out by the figures in Statement I. In the districts of Ahmedabad, Dhárwár, Kánara, and Ratnágiri, the attendance at meetings of the District Local Boards was very low; and in the first and last-named districts that of officials might have been higher. The remarks of the Commissioner, N. D., with regard to the Panch Mahâls, are somewhat misleading. The figures of average attendance are low merely because the number of members is small. The percentage is the best in the Division. In the following cases extracted from Statement I, some explanation seems to be required:—

	No. of official members.	Average attendance.
District Local Board, Poona... ...	5	5·5
Táluka do. Sirur	3	4·3
Do. do. Purandhar ...	4	5·0
Do. do. Sampgaon ...	3	4·0
Do. do. Kambar ...	2	3·6

Officials entitled to attend meetings under Section 33 of the Act may have been included in the return, and, if so, care should be taken to exclude them in future. It is observed that, in several cases and notably that of Chikodi, which is mentioned by the Commissioner, S. D., as showing the worst results in the Division, the official members appear to take very little interest in the work. In the táluka mentioned and in several tálukás in the Gujarát Districts a considerable number of the official members must have obtained their seats by election, and the Collectors should impress on them the responsibility for the proper discharge of the duties of the positions which they have obtained, to the exclusion perhaps of more useful members. The method of calculating

the total average attendance for the several districts is not apparently uniform, and the Commissioners should be requested to state the methods of calculation adopted. No district average has been given for Belgaum.

2. The funds at the disposal of the Local Boards are shown below :—

	Opening Balance.	Income.	Total.
	Rs.	Rs.	Rs.
Northern Division... ...	8,95,382	12,05,938	21,01,320
Central do.	8,91,744	13,77,039	22,68,783
Southern do.	7,66,302	10,69,143	18,35,445
Sind...	4,49,707	7,73,927	12,23,634
Total ...	30,03,135	44,26,047	74,29,182

In the Northern Division the income of the Boards showed a decrease of Rs. 86,231, a great part of which is accounted for by special grants for Public Works in 1891-1892, by the lapse of the Government grant in aid of water-supply and by the necessity of special repairs to the Hope Bridge at Surat, which left a very small surplus at the disposal of the District Local Board. Under the other heads there were local variations, but the totals do not show much change. In the Central Division several mistakes in classifications have been corrected, and large variations are shown in consequence, notably in the case of "Education." Apart from this, there was a decrease under the head "Contributions," the grant for water-supply not having been utilized ; the exact figures, however, cannot be given, as no details were given in previous reports. The net decrease of revenue in the Division was Rs. 55,343. In the Southern Division the falling off under "Contributions," for the [illegible] already noted in the case of the other Divisions, was to a great extent counterbalanced by increased receipts from school fees, contribution for Public Works and the collection of arrears of the one-anna cess. In Sind the only variations of importance occur under the heads "Provincial Rates" and "Civil Works," the former following the collections of Land Revenue, and the latter being mainly due to the non-payment of the Local Boards' share of the receipts on account of the Kotri-Gidu ferry by the Railway Department. The inclusion of the sum of Rs. 1,600, referred to in paragraph 4 of the Commissioner S. D.'s report in Statements II and III, is opposed to the orders contained in paragraph 2 of Government Resolution No. 3847 of 5th June 1891. Government wish to obtain net figures as far as practicable, and in the Government Resolution referred to the objections to the procedure in question were pointed out.

3. The expenditure from Local Funds and the closing balances are shown in the following table :—

	Expenditure.	Closing Balance.
	Rs.	Rs.
Northern Division	12,46,482	8,54,838
Central do.	13,58,305	9,10,478
Southern do.	12,17,427	6,18,018
Sind	8,53,501	3,70,133
Total ...	46,75,715	27,53,467

In the three Divisions of the Presidency Proper there was a considerable increase in expenditure, chiefly under the head "Civil Works." Under "Education" also the charges increased, partly owing to the extension of the system of employing trained teachers. In Sind the expenditure was less by a few thousand rupees than in 1891-92, but in the latter year large contributions, amounting to Rs. 1,48,000, were made by the Hyderabad and Thar and Párkar District Local Boards in aid of the Hyderabad-Umarkot Railway. The attention of the Collectors and Deputy

Digitized with financial assistance from the Government of Maharashtra on 11 July, 2017

Commissioners in Sind should be drawn to the remarks in paragraph 31 of the Commissioner's report. The closing balances in all the Divisions except the Central show a decrease, but in several instances they appear to be higher than necessary. Government trust that the orders contained in Government Resolution No. 2087, dated 5th June 1894, will enable the Boards to utilize their surplus funds to advantage.

4. The amounts spent on the improvement of water-supply for the last two years are shown below:—

	1891-92.	1892-93.
	Rs.	Rs.
Northern Division... ...	1,57,357	2,02,986
Central do.	1,21,259	1,20,000
Southern do.	1,28,554	1,17,501
Sind...	16,906	24,909
Total ...	4,24,076	4,65,396

The large increase in the Northern Division is very satisfactory, and Government regard with pleasure the attention given to this important subject in each Division. The small decreases in the Central and Southern Divisions are due partly to the lapse of the special Government grant and partly to the extra expenditure for the relief of distress in 1891-92. The expenditure on other Sanitary Works was not large, but Government have no doubt that Local Boards will be willing to render considerable aid to Local Committees when the provisions of the Village Sanitation Act have been more extensively introduced.

5. The date fixed for the submission of the reports to Government is the 15th August, and in all the Divisions, except the Southern Division, there was great delay in submitting the reports under review. Government trust that more punctuality will be observed in future.

Under Secretary to Government.
